Street Video Evidence

Citizen Mr Bradley has Security Cameras and Video Records. Some cover the road in Windlesham Gardens. They include the events early on 5th October 2019 that purport to be the Discovery of the Red Mercedes Registration GU4UYP [orQ] by Sussex Police using Vehicle Registration GX18AJY with Roof Number 718 and the Recovery by Westbourne Motors.

Citizen Mr Bradley witnessed the Discovery + Recovery Events. He thought they were contrived.

Sussex Police Officer Mr Daniel Cummins visited 5 Windlesham Gardens and rang the bell. Equity Lawyer Mr Ellis responded. They stood outside the front door.

The Equity Lawyer explained there had been Corruption Investigations of the Law Courts, South East Top Civil Judge Mr Simkiss was an Investigation Target, Sussex Police were involved and there was no surprise that Sussex Police wanted access to the Video Records of Citizen Mr Bradley.

Officer Mr Cummins listened with intelligent interest and courtesy.

The Equity Lawyer explained that it would be unfortunate for Police Officer Mr Cummins if he issued Video Records Receipts for what became Missing Records. He suggested they make Secure Arrangements for the Video Records.

Police Officer Mr Cummins gave the email address Daniel.Cummins@Sussex.pnn.police.uk
