

The Remedy Process needs the Chronology. It is not complete. It is the best the Equity Lawyer can do in the circumstances.

In 2004 European Leaders committed Referenda Frauds and needed Concealment Frauds. They used Extradition Frauds and Imprisonment Frauds against a British Citizen. Equity Lawyer Mr Ellis used the Fraud Proof to revive the Equity Monarchy Trusts, that had been dormant for 45 years, and get the Corruption Remedy Process. It needed to achieve Total Destruction of the Protection Fraud Network. The Network provided Support Services and Corruption Coordination for Organised Crime Partnerships managed by State Officers and Law Court Judges. They committed Remedy Sabotage Frauds at every stage of the Remedy Process. In 2018 and 2019 they used Kidney Failure for Treatment Denial Frauds with intent to get a Hospital Murder of the Equity Lawyer. They did not get it. In 2019 they needed a Middle Eastern War. They did not get it. Then they needed Extradition Fraud Blackmail of the Crown. They prepared for it.

In April 2020 End Stage Kidney Failure got an Emergency Hospital Admission for the Equity Lawyer. The Protection Fraud Network used it to plan a Kidney Failure Dialysis Treatment Sabotage Fraud using a Urea Poison Fraud. It failed. It increased the need for the Extradition Fraud Blackmail against the Crown. The Remedy Process needed Proportionality Evidence the Lord Bishops could use for Remedy Publicity and resist the Extradition Fraud Blackmail.

The Chronology serves that purpose. It is the best the Equity Lawyer can do with Unreliable Computers when recovering from the Body Damage done by End Stage Kidney Failure and servicing the Integrity Test Cases. The Body Damage Repairs were in two stages. The body did Low Quality Emergency Healing that resulted in Solid Lumps in the flesh. The Equity Lawyer made Fitness Efforts. The body responded with Healing Improvements that gradually eroded the Solid Lumps and got Partial Recovery. The body needed Extra Sleep to manage the Healing Improvements. When the Equity Lawyer gave Immediate Attention to the Remedy Process the Healing Improvements stopped. It was as if the Priority Management passed between the Conscious and Subconscious. The Corona Virus Emergency caused Treatment Delays and Fibrosis Healing Problems. The Royal Commissioners have a duty to inform the Fibrosis Researchers that Fitness Efforts might get Partial Healing.

	<p>There are two Power Management Methods. One is Good Will Relating using Reliable Objectivity for Truth Discovery and Just Reasoning to service the Justice Priority and get Just Accountability. The other is Bad Will Relating using Brute Force and No Accountability.</p> <p>Effective Accountability needs a Justice Definition that distinguishes between the Validity and Invalidity of legislation, regulation, policy and practice.</p> <p>Citizen Papers use the Jury Oriented Style. It uses the 3rd Person and Capital Letters to identify Familiar Phrases for Case Presentation and Jury Findings. It combines a Case Explanation with a Presentation Guide.</p> <p>The Chronology is a Citizen Paper. It gives a Brief Explanation of the origin of the Common Law, the use of it for Equity Governance and the Conversion Frauds against the People of Equity Governance into Dictator Governance. It provides material that can be used for Remedy Publicity and Change Management.</p>
	<p>The Remedy Process used Integrity Test Cases to identify the Top Level Corruption Controllers. The Contempt Claim Fraud Defence and the Contempt Trial Frauds Appeal are some of the Integrity Test Cases. All of them forced Corrupt Officers to demand Protection Frauds that need Resource Allocations that identified Corruption Controllers. Some of them got Resource Allocation Fraud Proof against Appeal Lord Justices of the Court of Appeal who have Supervision Responsibilities for the Inferior Law Courts.</p>
<p>1st century</p>	<p>The British Isles had Political Rule by Local Tribes. The Roman Invasion brought Dictator Governance with a Dictator Hierarchy. The Emperor was Top Dictator with Military Powers and Civil Powers. God Status for the Roman Emperor and Heresy Penalties controlled the risk of Power Struggles with Religious Leaders. The Roman Citizen was a Lesser Dictator with Office Holding Rights and Property Rights that included Slave Ownership. There were Freemen who were neither Citizen nor Slave. The Lesser Dictators lived in fear of Greater Dictators and Slave Revolts. It was Inherently Unstable.</p>
<p>250 AD</p>	<p>Family Members of the Roman Emperor accepted Gnostic Christianity. It ended God Status for the Roman Emperor and the Heresy Penalties. It got Limited Religious Freedom. Roman British Gnostic Christians developed an Equity</p>

	<p>Governance Model using the Justice Priority with a Common Obligation and Common Empower for one and all to service it. They took the concept of the Roman Citizen and converted it from Dictator Manager to Justice Manager using Reliable Objectivity for Truth Discovery and Just Reasoning. It did not need a belief in God. It provided Relation Management that would not offend a Good Will God if there was one. The Gnostic Christians believed in a Good Will God. The Rational Atheists could apply it.</p>
5 th Century	<p>The Roman Legions withdrew from the British Isles. It created a Power Vacuum. The Gnostic Christians exploited it to replaced Dictator Governance with Equity Governance. They recognised the Tribal Chiefs as Local Kings, traded with them and built trust. The Local Kings provided Adjudication Services that carried the risk that one side of their family, or both sides, would demand Bias Frauds. Many cases carried the Long Term Grievance Risks that were a Security Risk for the Local King. The Gnostic Christians offered Adjudication Services with Neutral Adjudicators. It controlled the risk of Bias Fraud Demands. It controlled the Long Term Grievance Risk for the Local King. It got widespread acceptance of the Common Law. Trials became and Education Process that popularised Objective Reasoning. The Common Law survived many instances of Dictator Governance.</p>
	<p>Roman Emperor Constantine was a Military Dictator. He realised the Monotheistic Religions were growing. Religious Freedom varied the risk of Religious Conflict and Power Struggles. He needed a Moral Dictatorship to support the Military Dictatorship. He decided to exploit the Monotheistic Movement. He managed the process for Roman Catholicism to serve as a Moral Dictator to support the Military Dictator. Roman Catholic Law used Battle Trials and Ordeal Trials so that the Bishop did not offend the Baron.</p>
	<p>English Royalty converted to Roman Catholicism for Defence Reasons. Roman Catholics Rulers needed Papal Blessings for war against Roman Catholic States. It got Roman Catholic Religious Practice and Gnostic Christian Law Practice.</p>
	<p>Vikings Raids harassed Europe. Charles the Great and the Pope made the case that Viking Attacks created a need for Defence Unity and it needed Religious Unity. They gave the choice of Religious Conversion from Judaism to Roman Catholicism or Land Forfeiture. Many converted. Charles the Great governed a large part of Western Europe. He classified Gnostic Christians as Jews and planned an invasion. The English united under Offa. Hundreds of Local King surrendered their Local King Titles to him. He made a Customs Deal with Welsh Princes that controlled the War Risk with them. Charles the Great demanded a son of Offa marry his daughter. Offa demanded Marriage Equality with a Double Marriage in which they both</p>

	<p>provided a son and daughter. Charles rejected it. Offa closed the South East Ports. The Boulogne Traders protested. Disappointing them carried the risk that his empire would fall apart. He conceded. The Double Marriage took place. The invasion risk ended. Gnostic Christianity and the Common Law survived.</p>
865	<p>A Viking Invasion in North England met no resistance. They moved south. The Saxons called on Christian States for assistance. The Cardinal gave it on condition the Defended Area excluded the Gnostic Christians and Safe Haven for Gnostic Christians was conditional upon conversion to Roman Catholicism. Saxons traded carts and horses for Gnostic Christian Land. The Vikings seized Gnostic Christian Land. The Gnostic Christians remained cohesive when landless, harassed and tempted with safe haven. It broke the confidence of the Vikings, Saxons and Cardinal. They knew their Leadership Models might have survived landlessness and harassment but definitely not safe haven temptations. The Gnostic Christian Leadership Model was more robust than theirs. They all knew the Gnostic Christians had a Legitimate Grievance against them. Both Vikings and Saxons feared the Gnostic Christians would ally with the other against them. Both sought Peace Negotiations with them. The Gnostic Christians split into 3. One group went behind the Saxon lines, another behind the Viking lines and a third set up a Trading Camp in the Northern Rhine and a Base Camp in Switzerland, and sent an Emissary to the Pope. The Peace Settlement got Pope Access Powers for the Gnostic Christian Swiss Guard. They were the first to now if anyone wanted a War Blessing from the Pope. They held the balance of power between the Vikings and Papacy until Scandinavia was Christianised. It took more than a century. Evangelism got burnt out. External Focus became Internal Focus and evolved into the Inquisitions. Gnostic Christianity and the Common Law survived.</p>
1066	<p>The Norman Conquest did not get North Wales. Gnostic Christianity and Common Law survived there. Viable Independence for North Wales depended on control of the Eastern Hills. The Gnostic Christians controlled them. They were a Border Tribe that lived in both England and North Wales. They needed Political Unity on Gnostic Christian Terms.</p>
12 th Century	<p>The Gnostic Christians influence Governance Decisions in England. The progress was slow. The most significant progress was made by Henry II. He transferred Court Power from Church to Crown and Judge to Jury. It did not get Equity Governance. The Legal Profession had adapted to service Dictator Governance. It could not provide Equity Expertise. It needed erosion of Dictator Governance.</p>
13 th century	<p>Gnostic Christians did Governance Deals that eroded Dictator Governance in England. The first phase transferred Industrial Power and Trade Power from Baron</p>

	<p>to Guild. The Gnostic Christians gave co-operation unifying England and Wales under one Crown. They got disbanding of the Private Armies of Marcher Lords, replacement of Feudal Service with Taxation, and Prosecution Rights for the Citizen against Officers with Trial Management by Gnostic Christian Chancery Officers and not Law Court Judges. Some of it was not documented for security reasons. It worked. They planned unification with Scotland. It needed the Diplomatic Expertise of a Gnostic Christian Leader. He started the process but was killed in a ship wreck. There was no one to replace him. Edward I and Edward II tried Military Initiatives that failed.</p>
<p>14th century</p>	<p>The Black Death killed reduced the population. It created competition for the work force between Competent Land Managers and Serf Dependent Barons. The Gnostic Christians warned Edward III that Serfdom Enforcement was doomed and the Collapse Rate would depend on Local Conditions. They warned that he needed to be associated with Labour Freedom when and where it happened. It needed County Jurisdictions to keep the King's Peace with a Land Control Qualification for Local Judicial Office. Serfdom Enforcement depended on whoever held Local Judicial Office. Land Managers who paid for work got the ploughing and harvest done in time and made money. Land Managers who relied on Serfdom Enforcement did not get the ploughing and harvest done in time and lost money. In time everyone gave up on serfdom. Edward III was one of the few people in history who divested himself of power. The decision to do so increased the size of the Governing Class.</p>
<p>16th century</p>	<p>The Reformation got Protestantism. Religious Freedom threatened Religious Conflict. The Gnostic Christians needed Protestant Unity. They did what Constantine had done. They established the Church of England. It was not perfect. It did not avoid Religious Conflict between Protestants and Roman Catholics. It delayed Religious Conflict between Protestants for about 80 years. By then the Dominant Conflict was between Parliament and Crown.</p>
<p>1687-89</p>	<p>Equity Governance got by the Glorious Revolution. It defined Justice Responsibilities of the Citizen, Crown and Lord Bishops known as the Equity Monarchy Trusts. They have Corruption Control Jurisdictions that govern Parliament Session Powers. Corruption Proof gets Corruption Findings + Remedy Entitlement Findings + Remedy Priority Findings. The Relevant Top Officer gets a chance to service the Remedy Priority. A Remedy Success is Justice Proof. A Remedy Failure gets a Remedy Failure Finding + Unfitness Finding + Dismissal Priority Finding. The Ultimate Sanction is a Parliament Session Refusal and Forced General Election with Mass Publicity for the Corruption Proof and Remedy Denial Fraud Proof and Election Fraud Proof. A Forced General Election requires a</p>

	<p>Credible Choice for Voters. The Ultimate Sanction enables the imposition of Corruption Remedy Conditions in Parliament Session Agreements between the Crown and Prime Minister. The purpose of Parliament Time Limits and Democratic Elections is to prevent Power Concentrations. The Citizen gives a Privilege Waiver and Confidentiality Waiver that enable that enable the Crown and Lord Bishops to use cases for Remedy Management that includes Remedy Publicity. The Citizen gets General Protection Rights from the Crown and Parliament. It is Passive Protection that gets Justice Proof for the Cabinet and Prime Minister or Protection Breach Contempt Fraud. The Crown and Lord Bishops use Parliament Session Agreements to create Special Protection Rights that enable Equity Lawyers to manage Corruption Investigations of the law Courts. They use Prosecution Prohibitions for Equity Lawyers against the Cabinet and State. It enables the Equity Lawyer to take action that forces Corrupt Officers to demand Protection Frauds that need Law Court Judges to sign for All Major Decisions.</p>
<p>1730's</p>	<p>The Citizen needed Corruption Controls for the Legal Profession. Corrupt Lawyers committed Case Management Frauds against Clients and then used Costs Frauds for Bankruptcy Frauds to avoid Fraud Remedies. Honest Lawyers used Jurisdiction Limits. The Concordat of Bath created a Jurisdiction Separation between High Court Audience Rights and Legal Service Marketing Rights. Barristers had one. Solicitor had the other. It forced an Independent Opinion before the Citizen took Major Litigation Risks. It enabled the development of Higher Practice Standards.</p>
<p>Late 18th Century</p>	<p>The Citizen needed Corruption Controls for Parliament. Corrupt Politicians used a Corruption Enquiry in Parliament for Repeat Enquiry Frauds that got Honesty Proof for the Former Indian Govern General Mr Warren Hastings. The Fraud Damage included Legal Costs Bankruptcy against him. It got a Corruption Control against Prosecution Frauds in Parliament. It was Jurisdiction Separations of Investigation and Prosecution and Adjudication with Conflict Disqualification and a Remedy Only Jurisdiction Limit for Justice Offices. It was Jurisdiction Separations with Power Use decided by the Law Courts and Office Fitness and Power Possession decided by Parliament.</p>
<p>1790's</p>	<p>The Old French Regime collapsed and created a Power Vacuum. Napoleon filled it. The Napoleonic Code did that. It used Jurisdiction Superiority for Execution before Adjudication and Permanent Emergency Powers for the State. It got Absolute Power for the War Lobby. Emperor Napoleon used it to raise armies, waged war and took the Modern Dictatorship Model wherever he invaded. He replaced the Medieval Dictatorships with the Modern Dictatorship. When he left the Local Governors continued with the Modern Dictatorship. They added Democratic</p>

	<p>Elections to the Dictator Governance Model. They did not develop Corruption Control Jurisdictions for the Citizen against the State. State Officers and Law Court Judges formed Organised Crime Partnerships. They developed Protection Fraud Networks for Mutual Support and Corruption Co-ordination. They sold Market Frauds to Organised Crime, provided Protection frauds for the Corrupt Officers who managed them and traded Glittering Careers and Job Profits for Corrupt MPs in exchange for Fraud Services in Parliament. Democratic Elections got Governing Majorities that were subject to Remedy Denial Fraud Majorities of the Protection Fraud Network.</p>
1860's	<p>A Crime Case recovered Testimony Rights for Accused Citizens. It was lost with the Norman Invasion 800 years earlier. It demonstrates that the Recovery Process cannot be piecemeal over centuries. It has to be systematic and complete now.</p>
1920's	<p>Every change carries a Corruption Risk. Land Title Reform replaced Old Deeds with Registered Titles. It carried the risk that Redundant Deeds would be used for Common Land Thefts using Land Registration Frauds. The Pries Deeds had No Map and No Land. They were subject to Title Proof Production Rights granted on Land Sales. The reduction of Title Proof Periods from Time Immemorial to 60 Years and then 30 Years and then 15 Years eliminated the need for Title Proof Production. They were Redundant Deeds. Corrupt Lawyers used the Redundant Prees Deeds governed Whitchurch Heath for a Public Auction. Citizens protested. It was withdrawn before Auction Day. It stopped he Land Fraud for one generation.</p>
1930's	<p>North Shropshire Citizens were not satisfied with services they got from lawyers and accountants in the boom and bust of the late 1920's. They established Whitchurch and District Club. The Committee helped Members get Expert Opinions and decide what to do with it. They were Before Event Adjudications on the Business Management Advice of lawyers and accountants. It sent a shock wave through legal system. It got Political Influence for the Committee Members.</p>
1950's	<p>The State had a National Plan for Road Improvements. Uninterrupted Road Traffic needed a reduction in Road Crossing Events. It needed Expensive Cattle Passes or Land Swaps by neighbours that got Ring Fenced Farms on each side of the road with no need for Crossing Events. A North Shropshire Farmer planned to give the land on one side the road to his son and on the other side to his daughter. He gave a Cattle Pass Waiver to save the Tax Payer the cost of a Cattle Pass. He persuaded other to do the same. The A41 Improvements between Newport and Whitchurch had a Short Consultation Period + Low Average Cost Per Mile + Good Value that enabled use of them for Road Improvement Tests.</p>

	<p>The A41 improvements drew traffic from other roads. A Truck Stop developed on the north side of the junction of the A41 and A49. The remnants of Whitchurch Heath were about 80 acres of land in the triangle between the A41 and A49 where they met at the junction. The Truck Stop gave it Development Value. There were no deeds. Local Titles evidenced Grazing Rights. Prees Heath Common was about 3 miles away. Corrupt Lawyers decided to use the Redundant Deeds for a Title Fraud. They misrepresented Whitchurch Heath as Prees Heath and omitted the Grazing Rights in Land Title Registrations of the Local Land with Grazing Rights. The Corrupt Lawyers gave Dispute Avoidance instead of Land Theft + Development Profits as the Reason for omitting Grazing Rights. Citizens realised it was a Land Fraud and there would be Similar Fact Frauds elsewhere. It needed a Commons Land Register. Whitchurch and District Club Members managed the Local Councillors, Conservative Party Officers and MP into getting the Commons Registration Act 1965. It demonstrated the power of the Citizen. It did not stop the Land Fraud for one more generation. Organised Criminals kept the Title Documents and completed the Land Fraud early in the 21st Century.</p>
1956	<p>The Whitchurch and District Club had influence that disproportionate to the size of the Club Membership. They used it to choose the Conservative Candidate for the Parliamentary Constituency. It demonstrated the power of the Citizen.</p>
	<p>Suez Scandal got a Disgraceful End to the Colonial Era for Britain and France.</p>
1957	<p>The choice for Britain and France was between Closer Relations with the Former Colonies or the West European States. Both of them chose the West European States. The choice was between the French Dictator Governance and the British Equity Governance. Some of the French wanted Equity Governance. The French Socialists refused to negotiate. The British Leadership had lost confidence in itself. They made a Dictator Governance Plan. It needed a Governance Referendum. The Politicians dare not have one because Voters would choose Citizen Empowerment against Dictator Empowerment.</p>
	<p>Dictator Governance Plan by European Politicians</p> <ol style="list-style-type: none"> 1. Corruption Control Sabotage Frauds for the State against the Citizen, Crown and Lord Bishops 2. Jurisdiction Frauds for the State against the Citizen that got priority to Execution before Investigation and Adjudication 3. Accountability Sabotage Frauds for the State against the Citizen 4. Proof Burden Reversals Frauds for the State against the Citizen 5. Disclosure Frauds and non-Disclosure Frauds for the State against the Citizen 6. Education Sabotage Frauds + Propaganda Frauds for the State against the

	<p>Citizen</p> <p>7. Piecemeal Replacement of the Justice Priority decided by the Citizen with Political Correctness decided by the State. It needed an Official Dishonesty and a Bully Culture that started with Unsound Judgment Finding Frauds and ended Mental Illness Finding Frauds against the Citizen who argued for the Justice Priority or made a Corruption Complaint.</p>
	<p>The State used Taxation Bias for Big Business against the Citizen. It got Investment Bias for Big Business against Small Business and Efficiency Bias for Scale against Ingenuity. Market Frauds had a Domino Effect and got More Market Frauds. The result was losses in law, politics and commerce for the State and Big Business against the Citizen. Corruption Control Deficits gradually got Perfect Storm Conditions</p>
1960	<p>Equity Governance Recovery Plan by Gnostic Christians</p> <ol style="list-style-type: none"> 1. Advanced Electronic Signatures to provide Sophisticated Services for Prosperous European to manage Tax Haven Estates from their homes and use Taxation Starvation to get conversion from Dictator Governance to Equity Governance 2. Revival of the Equity Monarchy Trust by Big Citizen when a British Prime Minister is dependent on Organised Crime.
1960's	<p>North Shropshire Citizens knew the Market Plan for Advanced Electronic Signatures needed a New Industry for Priming Demand. They decided on the creation of a Rubber Crumb Industry for the Priming Demand. It needed a Local Man as MP when Mr Biffen retired.</p>
	<p>Major Corruption Explosions before the Corruption Remedy Process</p> <ol style="list-style-type: none"> 1. The Dictator Plan created Conflicted Interest between the People and Politicians. Democratic Elections did not stop Power Concentrations. They became Dictator Power Transfer Events with No Effective Accountability for Election Frauds. 2. The Liability Proof Burden Reversal for Client against Lawyer used a Liability Presumption subject to Rebuttal Proof that resulted in Lawyers charging Huge Costs for Big Files that are Liability Rebuttal Proof and until many of them became Fraud Enforcement Agents for the State 3. Underwriting Release Frauds by Lloyds Society for Judges and MPs enabled Industrial Scale Frauds by Big Business with Protection Frauds from the Judiciary and Progressive Corruption of the entire system 4. Health Frauds by Psychiatrists and Profession Unfitness Protection Frauds by the Medical Profession Authorities got Mental Hospital Decommissioning

	<p>Decisions by the State. The Politicians used Mental Health Budget Limits for Problem Containment. The Corruption Remedy Process created a need for Mental Health Frauds against Corruption Victims as Protection Frauds for Corrupt Officers.</p> <p>5. Probate Frauds by Family Lawyers against Client and Beneficiaries got Profession Unfitness Protection Frauds by the Law Society for the Lawyers and Bankruptcy Frauds against a Key Client and a Court Fraud Marketing Campaign. The Key Client resisted the Bankruptcy Frauds very well. The Bribe Payments and Bribe Promises exceeded the value of the Bankrupt Estate. The Judges decided to make up the shortfall by Drug Production in partnership with Police Officers. The result was Systemic Corruption.</p> <p>6. The Baby Murder + Human Organ Theft + Murder Protection Frauds + Medical Consent Frauds + Inheritance Frauds + Human Organ Theft Industry</p>
Early 1980s	<p>Medical Research linked Mine Conditions to Miner Diseases and supported a Mass Claim by 400 Canadian Miners with Underwriting Liability borne by 2 Syndicates. It got Release Frauds by Lloyds Underwriters for 60 Judges and 30 MPs including the Attorney General and Liability Transfer Frauds against Other Names. It got a Market Change from Honest Business + Prudent Management to Corrupt Business + Protection Fraud Dependency. The Legal Profess adapted to the Market Change.</p>
Early 1980's	<p>An Organised Crime Partnership of Corrupt Police Officers and Law Court Judges made Drug Crime Profits. A Violent Crime Trial a Not Guilty Minority Verdict by a Divided Jury. The Crown Court Judge committed a Trial Fraud. He gave Conviction Instructions to the Jury and got a Guilty Verdict. The Defence Counsel dare not file a Trial Fraud Appeal. The Defence Lawyer did. It got an Appeal Acquittal. The Defence Lawyer was an Exposure Risk for the Organised Crime Partnership.</p> <p>Corrupt Council Officers managed Budget Frauds against the Broadwater Estate and Local Council. A Citizen formed a Broadwater Estate Charity Committee. The Defence Lawyer joined it. They managed Meals on Wheels Services very successfully. Honest Councillors wanted to entrust the Charity Committee with Other Services. Management by them by the Citizen with the support of the Defence Lawyer was Budget Fraud Exposure Risk for the Corrupt Officers.</p> <p>It got Co-ordinated Management of the Broadwater Farm Estate Riots and Ruin Frauds against the Citizen and Defence Lawyer by the Organised Crime Partnership and Protection Fraud Network.</p> <p>It was a Market Change. The Legal Profession adapted to the Market Change.</p>
Late 1980s	<p>The deaths of 3 Cousins with Different Surnames discovered Probate Estate Frauds</p>

	by Family Lawyers. Mr John Hoath was a Beneficiary. He had the Competence and Character to get Fraud Proof against Guilty Parties. The Family Lawyers bought Protection Frauds from the Law Society and Bankruptcy Frauds from the Law Courts against the Victim Mr Hoath. It was No Secret. The case was used for Court Fraud Marketing. It was a Market Change. The Legal Profession adapted to the Market Change.
1994	Victim Mr Hoath resisted the Court Frauds very successfully. The Channel Tunnel was completed. The Tunnel Celebrations included the Tour de France passing through Kent and Sussex. The route went past Summersales Farm. It was part of the Bankrupt Estate. Victim Mr Hoath used a Big Advertisement on a Farm Trailer in a Road Side Field for Bankruptcy Fraud Publicity. Everyone knew the Law Firm partners dare not risk Television Coverage of the Tour de France getting Media Publicity for the Big Advertisement. The result was Personal Supervision of Thugs by the Law Firm Partners when committing Advertisement Theft and Advertisement Criminal Damage and Grievous Bodily Harm that did Lifetime Injuries to Victim Mr Hoath. He got issue of Personal Injury Claim against them.
	Equity Governance Recovery Plan: Advanced Electronic Signatures
1995	The Equity Lawyer and a Graphologist started development of Writing Analysis Technology for Advanced Electronic Signatures.
1996	North Shropshire MP Mr Biffen announced his retirement. The Marketing Plan for Advanced Electronic Signatures needed a Local Man as MP. People considered Equity Lawyer Mr Ellis was a Local Man although he had not lived there for 16 years. Retired Farmer Mr Richard Henry Ellis asked the Equity Lawyer whether he would stand. He explained the Candidates included Mr Owen Paterson who was a Local Man. The consensus was that he was likely to be fit for purpose. The Equity Lawyer was relieved. The Technology Development and Market Development were major tasks. He decided not to split the Local Man Vote.
March 1997	The Harassment Act enabled use of Corruption Complaints for Truth Discovery Denial Frauds + Trial Denial Frauds + Without Trial Execution Frauds.
1997	General Election got a Big Majority for Prime Minister Mr Blair
November 1997	The Personal Injury Liability Trial of Victim Mr Hoath got Defence Testimony by the Law Firm Partners. They were used to getting Remedy Denial Frauds from the Law Courts. They made Justice Perversion Admissions and Criminal Conspiracy Admissions with Total Confidence they would get Finding Frauds and Contempt Immunity Frauds. They got Contempt Immunity Frauds but not the Finding Frauds. The Judgment recorded the Admission Proof, used it for a Liability Finding and Damage Award for Victim Mr Hoath. The failure to use it for Contempt Findings

	and Contempt Remedies was Immunity Fraud Proof against the High Court.
	The Crown collected Corruption Proof Sets in case they were needed for an Equity Governance Recovery Process. The Crown got the Personal Injury Judgment for use as Corruption Proof against the Law Courts in case it was needed.
1998	The Writing Analysis Technology enabled Advanced Electronic Signatures. The Profit Plan was On Line Services. The Defence Plan was Source Code Secrecy.
	Prime Minister Mr Blair planned Source Code Theft using Barclays Bank Group Board as the Theft Agent. The Theft Plan failed.
	There were about 100 Business Activities where the Signature Technology transferred Competitive Advantage from Big Business to Small Independent. Prime Minister Mr Blair managed Market Exclusion Frauds for Vested Interests against the Signature Technology. It needed Small Independents and Document System and Priming Demand for Market Access.
1999	Geneva Inventions Exhibition Gold Medal was Originality Proof and a Source Code Theft Deterrent.
2000	An Attempted Theft Complaint got a Theft Investigation + Investigation Frauds + Investigation Fraud Proof + Theft Conspiracy Admission and Damage Denial by Law Firm acting for Barclays Bank Group Board. It was Bank Office Unfitness Proof + Protection Fraud Proof against the Lawyers + Barclays Bank Group Board + Bank of England + Prime Minister Mr Blair. Use of it in European Law Courts would have got Court Frauds + Costs Frauds + Bankruptcy Frauds + Source Code Theft. The Equity Lawyer kept the evidence for USA Jurors because anyone who got the market needed the USA Market.
	Equity Lawyer had and has ½ Copyright + All Marketing Rights + Creditor Control
2000	Osteopath Profession Governance Corruption Debate + Pending Investigation Adjournment + Investigation Denial Fraud
	Baby Murder + Human Organ Theft Scandal
	Health Market Protection Fraud Sale by Prime Minister Mr Blair to Pharmaceutical Industry in exchange for Campaign Finance for the 2001 General Election
2000-2004	Baby Murder Protection Frauds evidenced by Medical Record Entries + Record Deletions + Record Insertions Frauds + Trisomy 18 Genetic Defect Mercy Killing Opinion Fraud + Human Organ Thefts between Death and Post Mortem Examination Investigation Frauds + Evidence Exclusion Frauds + Evidence Admission Frauds + Interpretation Frauds to exclude Ranitidine and Potassium Chloride as Kill Agents Death Inquest Bias Frauds by Coroner against Family + Unlawful Killing Jury Option Denial Fraud by Coroner + Mercy Killing Opinion omission from the Death Inquest + Skin DNA Test in Pakistan of No Trisomy 18 Genetic Defect + Truth Discovery

	<p>Jurisdiction Denial Frauds + Truth Concealment Harassment Prosecution Frauds + Jurisdiction Frauds by All Authorities with Accountability Powers</p> <p>Medical Murder Protection Frauds enable Human Organ Theft Industry</p>
8/6/2001	<p>The Bribes and Bribe Promises exceeded the value of the Bankrupt Estate. In 2001 the Fraud Conspirators decided to make up the shortfall by use of the Stolen Farm for Drug Production. Top Police needed Protection Fraud Proof from the Law Courts. They were given Bankruptcy Case 1991 191 Judgment that recorded Fact Admissions and Intent Admissions that were Bankruptcy Fraud Proof against the Petitioner and Trustee and a Restraint Fraud that stopped Victim Mr Hoath doing anything about it.</p> <p>The Crown got the Judgment Fraud for use as Corruption Proof against the Law Courts if it was needed. It added to the Corruption proof got by the Personal Injury Judgment got in 1997.</p> <p>Top Judges insisted their Organised Crime Manager have control of the Drug Production Business because they did not trust anyone else to pay them. The Organised Crime Manager needed Protection Frauds that would last his lifetime.</p>
2001	<p>A Citizen provided Dog Rescue Service. He used the Common Land at Whitchurch Heath for Dog Exercises and Dog Training. The Foot and Mouth Outbreak got a Prohibition Order against Leisure Use of Open Land. The Organised Criminals used the Prohibition Order for an Exclusive Possession Fraud and then completed the Land Fraud. The Citizen prosecuted case that got Criminal Conspiracy Proof against State Officers and Law Court Judges</p>
11/9/2001	<p>Journalists attend the Death Inquest and then leave to cover the Twin Towers.</p> <p>Risk Uncertainty gets a Retrenchment Response from Big Business. The Terrorist Raid on 911 was no exception. A US Bank employed English IT Expert Mr Neil Lowden. He accepted a Redundancy Package and started development of an Internet Document Management System for Advanced Electronic Signatures.</p>
2002	<p>Advanced Electronic Signature Statutory Instrument 2002 got controlled for the State of the phrase 'Advanced Electronic Signatures'. The Equity Lawyer avoided State Control by omitting the word 'Advanced' from the phrase. European Authorities used Market Exclusion Frauds for Digital Signatures and the State against Advanced Electronic Signatures and the Citizen.</p>
June 2002	<p>The Organised Crime Manager who worked for the Top Judges needed Protection Frauds that would last his lifetime. He had Criminal Convictions that got a Statutory Prohibition against Firearms Possession with a Minimum Penalty of 5 Years' Imprisonment. In June 2002 he stole Firearms from a Cabinet and got Firearms Theft Protection Frauds from Sussex Police. They seized the Stolen Firearms and issued a Receipt that listed them and identified the Organised</p>

	<p>Criminal as Possessor. They seized the Cabinet and issued a Receipt to the Possession Agent. They went to Lewes Armoury with intent put the Stolen Firearms in the Cabinet and pretend nothing had happened. The Cabinet was locked. They did not have a key. The Unlock Procedure needed the presence of the Owner to identify missing contents and account for Unlawful Contents if any. No One dared conduct a With Owner Unlock Procedure because it defeated the purpose of the Theft Concealment Fraud. No One dared conduct a Without Owner Unlock Procedure because the Organised Criminal might have put Unlawful Contents in the Cabinet that they could not ignore. The Theft Concealment Fraud had failed. During the next 6 ½ years Corrupt Offices committed hundreds of Theft Discovery Delay Frauds. The process got the Bankruptcy Fraud Proof Set and the Firearms Corruption Proof Set.</p>
<p>10/2003</p>	<p>The Opposition Leader Mr Ian Duncan Smith made the Quiet Man Speech. It indicated that a Big Parliamentary Majority with Dictator Powers prevented Effective Accountability. It was the Remedy Process Protocol Notice for Big Citizen to revive Equity Monarchy Trusts</p>
<p>11/2003</p>	<p>US Patent for use of Vehicle Data + Driving Performance Analysis to set Motor Insurance Premiums. British Government makes an Espionage Plan using Motor Insurance. It needs Motor Insurance Policies with Driver Identification + Vehicle Location + Continuous Vehicle Data. British Government persuades Norwich Union to buy Vehicle Data Patents for 18 European States and service the Espionage Plan. Norwich Union knew nothing about Vehicle Data. They did not ask the people who did. They gave a Motor Data Technology Development Contract to IBM. The Norwich Union Research Team took delivery of the Data Device but did not know how to use Vehicle Data for Driver Performance Analysis. They got an Advice Meeting with Computer Competent Mechanic Mr Mark Convery and the Equity Lawyer. They explained the IBM Device was too expensive for a Mass Market. They advised use of a Cheap Device at 1/12th the price. They explained a Mass Market needed No Location Data and Data Control for Policy Holders. They explained a Motor Policy that serviced the Espionage Plan would Totally Destroy that Motor Policy Mass Market and delay Other Mass Markets. Norwich Union had invested in the Espionage Plan and dare not admit they were wrong to do so. It got an Immediate Report by Norwich Union to the Secret Service and an Immediate Reaction in the USA and UK. [In time the Total Failure of the Driver Performance Policy Plan + Espionage Plan got more than 1,500 Redundancies + Total Loss of Massive New Markets]</p>
<p>12/ 2003</p>	<p>The English IT Expert conducted System Tests of the Document Management</p>

	System for Advanced Electronic Signatures.
	The Security Service installed a Test Surveillance Loop of 2 Kilometres between Docklands Telephone Exchange and the Surveillance Site. They revealed Test Surveillance by the Process Choice of Intercept + Run + Resend with a Short Delay against Intercept + Resend + Run with No Delay. The English IT Expert noticed the Delay Difference. He realised the Secret Service were conducting Electronic Surveillance of the System Tests. He carried on and got Success Results. The Secret Service reported the Success Results to Prime Minister Mr Blair.
2/2004	Richard Henry Ellis had Senile Dementia and was in Terminal Decline. His Wife knew the Valid 1990 Will gave her a Life Interest and that the Equity Lawyer was Sole Surviving Executor. She wanted more. Everyone knew he would not live long. Mrs Lucy Bull was her daughter by a previous marriage and a Qualified Lawyer. She was clever, rich and bored. The RH Ellis Estate had Pocket Money Value for her. She managed a Secret Will Fraud because she was bored and greedy. It got an Invalid 2004 Will + Codicil with the Equity Lawyer and the Other Lawyers as Executors
3/2004	A British Citizen was a Computer Competent Mechanic. He got a Fleet Maintenance Contract from BP. He traded use of the BP Contract as Priming Demand for Advanced Electronic Signatures in exchange for Business Services by the Equity Lawyer.
26/3/2004	Richard Henry Ellis died. The Equity Lawyer and his Step Sister, Mrs Lucy Bull, attended the funeral. She had worked the Law Firm that service Barclays Bank Group Board and was married to their Top Trader. She knew all of the Bankers and Lawyers who were involved in the Source Code Theft Conspiracy. He told her about the Theft Conspiracy. He did not tell her he would do a Settlement Deal or that her Father in Law was well qualified to service it and she could be Settlement Negotiator. He left that for later. The next day Mrs Bull revealed the Secret Will Fraud and Invalid 2004 Will + Codicil. The Equity Lawyer rejected it and relied on the Valid 1990 Will. It got a Will Contest. The Equity Lawyer had known the Widow for 20 years. He knew she did silly things, got into difficulties and had to be forgiven. He knew that a bit of resistance would break her and the Other Lawyers. It did. Mrs Bull had committed to the Will Fraud. She was clever but failed to recognise her potential as Settlement Negotiation Agent. She informed Barclays Bank Group Board about the Priming Demand. The Source Code Theft and Cover Up Frauds and Theft Admission Entrapment Fraud against the Equity Lawyer had failed. He had the evidence against them and Prime Minister Mr Blair. He had the Priming Demand. They ignored Settlement Possibilities. They and Prime Minister

	<p>Mr Blair planned use of the Probate Fraud against the Equity Lawyer with intent to get a Bankruptcy Fraud and use that to get the Source Code.</p> <p>The Widow gave up. The Other Lawyers gave up. Mrs Lucy Bull did not. The Executorship Renunciation by the Other Lawyers left the Equity Lawyer the Sole Surviving Executor of the Valid Will and the Invalid Will + Codicil. Mrs Bull used the Will Contest Fraud to get Costs Frauds, Bank Frauds and a Bankruptcy Fraud and Source Code Theft. Investigation is needed to chart the Case Management from Will Fraud to the Bankrupt Fraud + Source Code Theft Plan. On the evidence available Prime Minister Mr Blair wanted Personal Profits and Few Partners. He did not want the Secret Service involved in the Source Code Theft.</p>
	<p>The European Constitution vested Dictator Powers in the State. European Leaders want Referenda Acceptance of the Dictator Powers. They needed Election Frauds to get it. They needed Concealment Frauds of Dictator Powers, and especially Electronic Signature Dictator Powers.</p>
8/7/2004	<p>Live and profitable usage of Advanced Electronic Signatures threatened exposure of Electronic Signature Dictator Powers. The European Leaders used Business Sabotage Frauds to prevent use of Advanced Electronic Signatures. They used Drug Crime Investigation Frauds + Extradition Frauds against the Computer Competent Mechanic and Imprisonment Frauds against him and his Dutch Distribution Manager for Business Sabotage Frauds against Advanced Electronic Signatures.</p>
	<p>Everything that could go wrong for the European Leaders did go wrong. Prime Minister Mr Blair wanted to pretend he knew nothing. There was No Extradition Agreement between UK and the Netherlands. The 1st Extradition Fraud used an Investigation Fraud and Armed Dutch Police to supervise British Customs and Kent Police in a Kidnap Operation against the British Citizen on British Soil. Prime Minister Mr Blair and the Dutch Authorities did not know the British Citizen had Incredible Target Status for Drug Investigations. Complex Events discovered he would have nothing to do with drugs for profit, when threatened with violence or under police supervision. It got Incredible Target Status for him. Top Police, Top Customs and Top Judges were the Top Drug Dealers. They had an Illegal Drug Import Business that used the Kent Ports. They had used the Citizen's Address as the Decoy Address on the Carrier Movement Records for more than 70 Drug Shipments. They did so because if anything went wrong the Incredible Target Status would ensure Decoy Address Enquiries got Dead End Results. The Dutch Authorities made a Drug Investigation Assistance Request for an Arrest Fraud against the Incredible Target and Justice Perversion by Business Records Destruction, to enable the Misrepresentation Fraud that he had No Business, and</p>

	<p>Vehicle Theft to enable the Misrepresentation Fraud that Vehicle Parts Communications were Drug Trafficking Code. British Customs received the Assistance Request. They had No Prior Experience of Extradition Frauds. They were using the Decoy Address for a Drug Shipment that was in transit. They knew he had Incredible Target Status and how he got it. They thought he had discovered use of the Decoy Address, reported it, and was assisting a Decoy Address Investigation. They pretended enthusiasm for the Drug Investigation, got News Broadcasts for a 'Big Drugs Bust' and 'International Co-operation' and took control to manage Investigation Sabotage Frauds. The result was a Drug Crime Framing Fraud + Remand Custody Fraud against the Citizen. He had Jury Trial Rights and an Investigation Record that was Innocence Proof for him and Guilt Proof against the Investigators. They dare not allow a Jury Trial. They used Custody Frauds for 10 Weeks until the Investigation Trail was cold and then used a No Evidence Case Withdrawal to avoid a Jury Trial.</p>
<p>20/7/2004</p>	<p>Equity Lawyer conducted Corruption Investigations and got Fraud Proof. He made Business Activity Evidence Offers to the Prosecutor and Defender. Neither wanted it. He made a Bail Application Evidence Offer. The Defender did not want it. The Citizen's Parents made Evidence Offers. The Defender did not want it. The Citizen was clever enough to know there were Investigation Frauds and Prosecution Frauds. He trusted the Defender until he realised the Defender was managing Case Sabotage Frauds against him. It took time.</p>
	<p>The choice for Prime Minister Mr Blair was to abandon the Extradition Frauds and recover control of the State and Law Courts from Organised Crime or do a deal to carry on. He did a Protection Fraud Deal that got Protection Frauds for the Top Drug Dealers and a Personal Profit Share for him. He made an Extradition Fraud Deal that required Innocence Evidence Concealment Frauds by the British Authorities before completion of Imprisonment Frauds by Dutch Authorities.</p>
	<p>The Drug Crime Profit Share for Prime Minister Mr Blair got a Profit Share Loss for Top Judges. They wanted to make up for it. They sold Protection Frauds to Insurers and Surveyors that enabled Land Frauds for Big Land Owners against Small Businesses. The Land Owners took Legal Action. The Small Businesses made Legal Assistance Policy Claims. Insurers gave a choice of Approved Lawyers all of whom managed Case Sabotage Frauds for the Big Land Owners against the Policy Holder. They used Lease Frauds for Marketing Cases. They needed Rapid Completion. They did not get it. The Marketing Cases got Competent Case Management by Lead Victims and Criminal Conspiracy Proof against the Guilty Parties including Top Judges. There was a Corruption Explosion.</p>

	The Land Frauds got Huge Profits for Land Owners. Top Judges were jealous. They formed Land Theft Partnerships and Business Theft Partnerships with State Officers and Lawyers. Framing Frauds got Forced Sales + Thefts against Land Owners and Business Owners and Protection Frauds for Corrupt Officers.
30/8/2004	The Equity Lawyer knew he could not trust Law Court Judges. The Will Contest Case Management needed to get Proof Sets that met the Corruption Remedy Proof Standard. The Case Management got a Will Executorship Renunciation from the Other Lawyers. The Equity Lawyer was Sole Executor of the Valid Will and the Invalid Will. He had Probate Grant Rights pending discovery of the outcome of the Will Contest. He decided on a Probate Grant Delay until he had Estate Management Conditions that were good for him and the Beneficiaries and bad for anyone who tried to interfere. It needed a Planning Permission for Free Range Egg Production and a Site Development Agreement and Egg Production Agreement. The Planning Permission + Exploitation Arrangements were both Damage Proof for the Equity Lawyer and Beneficiaries against a Court Appointed Estate Representative and Costs Fraud Proof against Fraud Manager Mrs Bull and the Court. It prevented a Court Pending Litigation Appointment of anyone other than the Equity Lawyer. The Pending Litigation Representative Appointment Refusal was Fraud Proof against the Chancery Court.
10/10/2004	Equity Lawyer served Corruption Notices on Crown and Parliament. It revived the Equity Monarchy Trusts. It got a Protocol Signal that was Big Citizen Recognition by the Crown for the Equity Lawyer. It started a Corruption Remedy Process that has continued ever since. On the evidence available Prime Minister Mr Blair did not understand how the Equity Monarchy Trusts worked or that the Corruption Notice revived use of them or what that meant for him.
	The Extradition Fraud Deal required Innocence Evidence Concealment Frauds by British Authorities before completion of the Imprisonment Frauds by the Dutch Authorities. The Crown, Lord Bishops and Honourable Members observed every stage in the Extradition Fraud Process.
2005	Equity Lawyer got Innocence Evidence Concealment Fraud Proof + Corruption Finding + Unfitness Findings + Dismissal Decisions against English Judges. He got Dismissal Execution Responsibility Decisions against Prime Minister Mr Blair. The Prime Minister Mr Blair could not service Dismissal Decisions because he has used Law Court Judges for Personal Frauds. The Equity Lawyer kept up the pressure with Remedy failure Unfitness Cases against Prime Minister Mr Blair.
September 2005	The Equity Lawyer got Planning Permission for Free Range Egg Production and issue of Probate Proceedings in the Chancery Court. The Probate Case got Co-

	<p>ordinated Corruption Proof against the Widow, Mrs Bull, the Widow's Lawyers, Barclays Bank, the State and Law Courts.</p>
	<p>The Dutch Constitution required Criminal Appeal Hearings within 90 days of the Trial Date and a Trial Verdict signed by at least 2 of 3 Trial Judges. The Innocence Evidence Applications in English Courts broke the confidence of the Dutch Judges. The Equity Lawyer received reports that 1 Trial Judge signed the Trial Verdict, the 2 others did not, and the 2nd Signature was of the Court Clerk. The English Innocence Evidence Actions and the Dutch Verdict Deficit got a succession of the Adjournment Order Frauds by Dutch Appeal Judges.</p>
	<p>The Equity Lawyer knew the Unfitness Cases made Prime Minister Mr Blair desperate. The Equity Lawyer knew. British Prime Ministers have powers to issue Kill Order with conditions of No Missing Body and No Forensic Evidence. They need State Assassins to manage a Fatal Accident with No Rehearsal Opportunities. The Equity Lawyer knew the Kill Order Defence is to goad the Prime Minister into issuing a Kill Order at a convenient time for the Victim, avoid the Fatal Accident and make good use of the Operation Failure.</p>
2006	<p>On 27th March 2006 the Equity lawyer was informed the Trial Verdict would be released on Good Friday. He knew there was Electronic Surveillance by the Secret Service for the Prime Minister. He decided to use the Electronic Surveillance to goad the Prime Minister. He made Written Remedy Proposals to the Law Society. 3 days later he made a Response Enquiry Telephone Call that discovered the Law Society Prosecutor was under Extreme Stress and a Weak Link. Secret Service knew the Equity Lawyer would do something and reported it. The Prime Minister was desperate and furious. He issued a Kill Order against the Equity Lawyer with conditions for No Missing Body + No Forensic Evidence. The Secret Service needed time to prepare.</p> <p>The Equity Lawyer took Legal Action in English Courts. It got Appeal Process Delays by the Dutch Authorities and Fraud Proof Sets against the Law Society Prosecutor and Law Courts that the Crown and Lord Bishops could use.</p>
	<p>On 3rd April 2006 the Equity Lawyer gave Email Notice to the Law Society Prosecutor of a Justice Perversion Claim in Canterbury County Court by the Citizen's Mother against the Law Society. The Law Society Prosecutor sent an Issue Prohibition Instruction Email to the County Court and copied it to the Equity Lawyer. He was too late. It was issued as Case 6CT0980. The Court issued a Service Stay Order and Service Hearing Order. The Equity Lawyer served Corruption Case Notice on the Association of Chief Police Officers for an Association Meeting. It got communications that were Fraud Conspiracy Proof</p>

	<p>against Police Officers and the Law Society.</p> <p>On 8th and 9th April 2006 the Attempted Murder did not take the Equity Lawyer by surprise. He did not panic. He let the Assassins worry about the Order Conditions for No Missing Body and No Forensic Evidence. On the 8th the Murder Attempt failed. The Assassins gave themselves away with Hesitant Behaviour. On the 9th the Assassins appeared. Equity Lawyer looked straight at the Lead Assassin to evidence that he knew precisely why they were there and that his survival the day before was no accident. The Assassins started a Repeat Attempted Murder. There was enough time for the Lead Assassin to report 'he knows' and the Commander to issue an 'Abort Order'. The Assassins could not get away from the scene fast enough. The Equity Lawyer it got an Operation Failure Report by the Secret Service and the Prime Minister did not know whether the Failure Cause was a Commitment Deficit by the Assassins and Commander or a Murder Warning to the Equity Lawyer. He did not disclose the Event Details in case they were needed as Credibility Proof that enabled the Assassins or Commander to make an Immunity Deal in exchange for Full Disclosure about the Kill Order. The Equity Lawyer believed no one would tell the Judges about the Kill Failure. The belief they had Protection Frauds from Prime Minister Mr Blair gave them the confidence to sign Decision Frauds. The Integrity Test Cases would get Clear Results for the Remedy Process. On 12th April 2006 the Stay Hearing the Equity Lawyer gave a District Judge a Corruption Case Explanation that omitted the Attempted Murders. The Equity Lawyer said the Hearing Judge had a duty to inform the other Judges. Tradition has it that Top Judges attend the Maundy Service so that they have a chance to meet the Queen and be recognised. Other Judges attend. The Hearing Judge said he would see the Lord Chief Justice the next day. The Equity Lawyer knew when and where and advised that he give a Case Briefing. The District Judge did.</p> <p>The Equity Lawyer did not give notice of a Corruption Claim by the British Citizen against the 11 British Authorities. It got Automatic Issue and Automatic Service before the Law Society Prosecutor or anyone else could do anything. The Murder Failure and the Corruption Claim got on the Service Day a 6 Day Backdated Law Practice Termination Fraud against the Equity lawyer. It was Co-ordinated Corruption Proof against the State and Law Courts. It added to the Unfitness Proof against the Prime Minister.</p>
	<p>The Judge Dismissal Failures got an Unfitness Case + Remedy Failure Finding + Unfitness Finding + Dismissal Decision against Prime Minister Mr Blair. He signed</p>

	<p>a 10 Month Retirement Notice to avoid a Parliament Session Refusal and Forced General Election. He spent the Retirement Period making Protection Fraud Arrangements for Organised Crime he hoped would last his lifetime.</p>
	<p>The Probate Fraud and Taxation Frauds and Bank Frauds got Insolvency Conditions against the Equity Lawyer, but failed to get the Bankruptcy Fraud. Prime Minister Mr Blair needed the Law Practice Unfitness Case 9452-2006 for a Law Practice Disqualification Fraud against Equity Lawyer and Career Blackmail of All Qualified Lawyers. The Finding Fraud used an Irrelevance Reason for a Corruption Proof Exclusion Fraud. It was an Obvious Fraud used for Career Blackmail of Qualified Lawyers to get Case Management Sabotage Frauds against Corruption Victims. The Legal Services Act created Unqualified Legal Service Crime Offences. The combination of the Career Blackmail against Qualified Lawyers and Legal Service Crime Prosecution Powers against Unqualified Persons enable Legal Service Denial Frauds against Corruption Victims. The Fixated Threat Assessment Centre used the logos of the Metropolitan Police and National Health Service and Secret Service Officers for Bribery and Blackmail to get Mental Health Case References + Opinion Frauds for Discredit Frauds and Legal Capacity Disqualification Frauds against Corruption Victims. There were Evidence Destruction Frauds. There were many Protection Fraud Methods and many Victims. 2007	<p>The crown and Lord Bishops used Corruption Proof and Remedy Denial Fraud Proof for Corruption Remedy Conditions in the Parliament Session Agreement between the Crown and Prime Minister. They included Special Protection Rights of a Legal Service Crime Prosecution Prohibition and Contempt Enforcement Penalty Prohibition for the Equity Lawyer against the Cabinet and Prime Minister. It enabled the Equity Lawyer to provide Investigation Services for the Remedy Process managed by the Crown and Lord Bishops. They required a Validity Priority Precedent that was set by use of R v Clarke. They required a Corruption Investigation of the Law Courts using the Bankruptcy Fraud Proof got by Victim Mr Hoath.</p>
	<p>The first week of the Parliament Session got Remedy Process got Remedy Denial Fraud Proof against Prime Minister Mr Brown. It was obvious there would be more. It gave Prime Minister Mr Brown a motive for Remedy Sabotage Frauds. Sir Edmund Hilary was a Knight of the Garter. He died. The funeral was in New Zealand. The Long Journey from the UK to New Zealand, and the Fraud Sabotage Motive for the Prime Minister, were a Kidnap Risk for Royal Family Members and</p>

	<p>a Blackmail Fraud Risk for the Crown. The Risk Remedy was a Crown Representative who was not a Royal Family Member. It was not the first Blackmail Fraud Risk for the Crown. It was not the last.</p> <p>The Remedy Process got Corruption Remedy Condition Breach Proof + Remedy Failure Finding + Unfitness Finding + Dismissal Priority Finding against Prime Minister Mr Brown and Labour Governing Majority. <p>2015/2016</p>	<p style="text-align: center;">The Attempted Ruin Fraud against the Equity Lawyer</p> <p>The Ruin Fraud against the Equity Lawyer needed a False Client with either a False Case or a Liability Proof Concealment Fraud that enabled Misrepresentations Frauds that a True Case was a False Case, False Relationship Evidence and False Incapacity Evidence and then use of a Hearing Event for exposure of the Equity Lawyer for Relationship Exploitation and Incapacity Exploitation to prosecute a False Case. The Equity Lawyer knew that is what they needed. A Forensic Accountant presented as a False Client at the Exact Right Time with the Exact Right Case and the combination of Gushing Enthusiasm and Creepy Behaviour</p>

	<p>needed to get the False Relationship Evidence and False Incapacity Evidence. It was a Costs Claim Fraud by No Win No Fee Lawyers against a Hospital Negligence Claimant. Forensic Experts use Case Presentation as Competence Proof. The Ruin Fraud needed Chaotic Presentation. It disclosed the existence of xxx but failed to produce a Serious Untoward Incident Report that made Obligation Breach Admissions and an Apology. If it existed, it was Negligence Admission Proof against the hospital and a Costs Claim Fraud Proof against the Lawyers. The Chaotic Presentation of the Case Papers failed to conceal the fact it was missing. The Equity Lawyer used the case to get Audio Records that were Criminal Conspiracy Proof against the False Client, Claim Lawyers and Law Court Judges. The site and remnants of one of the first Power Stations had Development Value. Corrupt Officers had spent 30 years committing more than 280 Land Frauds trying to get a Forced Sale. They failed. They needed and got Protection Frauds. The Victim could give Detailed Explanations of Each Fraud but not a Brief Context Explanation of All Frauds. The Equity Lawyer introduced the Forensic Accountant to the Victim and explained the Royal Commission needed a Case Explanation for the Remedy Process. The False Client produced the Case Explanation that the Victim agreed. It was Case Management Capacity Proof against the False Client. The Equity Lawyer refined it for the Remedy Process. The Victim signed it. The Ruin Fraud needed a Set Up Phase to get a Proof Set for the Contempt Fraud Sale Agreement between the False Client and Protection Fraud Network. The Equity Lawyer wrote No Further Action Advice. The False Client signed it. Later she realised she had lost any chance of the Contempt Fraud Hearing. She was furious. Electronic Communications Harassment by her got a Harassment Objections Notice + Communication Refusal by him. The One Way Only Communications was Harassment Proof + Relationship Fantasy Proof + Remedy Sabotage Fraud Proof for him against her. He read some, kept the first 2,000 and deleted the rest. Traffic Analysis was revealing.</p>
	<p style="text-align: center;">The Power Boast Ruin Fraud</p> <p>The Collapse Evidence was that not one single Metropolitan Police dare sign Resource Allocation Frauds to get Prime Time Facilities and Competent Officers for the Ruin Fraud against the Remedy Protester. It got Incompetent Officers with Week End Facilities. The Incompetent Officers used a Protest Event against the Hampstead Child Abuse Scandal for a Church Service Disturbance Prosecution Fraud against Protester Ms Berry. She was the Maternal Aunt of the Murdered Baby. She knew the Murder Facts and Human Organ Theft Facts. She did not</p>

	<p>understand all the Theft Evidence until the Hampstead Children made Scandalous Disclosures. They caused Ms Berry to realise that the Baby Body Cuts were for xxx and Organ Theft and not Post Mortem Examination. It was a Powerful Motivator for Corruption Protests. She had developed the Protest Method of getting Video Records and Audio Records for Internet Publicity. The Incompetent Officers had nothing they could use against her. A Protester entered the church The Incompetent Officers used an Identification Fraud for a Church Service Framing Fraud against Ms Berry. There was No Evidence and No Case. The Defence Lawyer gave Electronic Copies of the Prosecution File to Ms Berry. She shared it with friends. Without Authority and Without Thought one of them gave it Internet Publicity. The Incompetent Officers pretended that Internet Publicity for the Witness Evidence of State Witnesses for use in Open Court was Witness Intimidation. They used a Witness Intimidation Charge against Ms Berry. There was No Evidence and No Case. They added a Conspiracy Charge. There was No Evidence and No Case. They used a Witness Intimidation Conspiracy Charge for Crown Court Trials 20150661 + 20160121 against Ms Berry and Mrs McNeil. There was No Evidence and No Case.</p>
<p>May 2016</p>	<p>The Equity Lawyer found the Power Boast Case. Mrs McNeil gave a Privilege Waiver and Confidentiality Waiver and made a Remedy Process Case Use Agreement. She got issue of Corruption Claims HQ16X01930 + HQ16X01931 against the State and Crown. A Friend served the Corruption Claims on the Crown Court and got Stamp Filing Proof. There were Co-operation Failures and Claim Notice Failures and Claim Service Failures by Mrs McNeill. The Equity Lawyer gave Remedy Co-operation Advice to Mrs McNeil. The Crime Case Defence Lawyers gave Co-operation Refusal Advice. She acted on it but informed the Equity Lawyer about Ms Berry.</p>
<p>June 2016</p>	<p>The Equity Lawyer met Ms Berry. She gave a Privilege Waiver and Confidentiality Waiver and made a Remedy Process Case Use Agreement. She got Corruption Claim Issue Denial Fraud Proof against the High Court and then issue of Corruption Claims HQ16X02369 against the State, Crown Court and Crown. She filed and served it and got Stamp Receipt Proof from the Crown Court and Crown Prosecution Service. The Equity Lawyer gave Case Management Advice to Ms Berry for the Remedy Process. The Defence Lawyer gave her Remedy Process Co-operation Advice. The Defence Counsel gave her Remedy Co-operation Refusal Advice. She acted on the Remedy Management Advice. The Criminal Trials got Comparison Proof Sets of the Remedy Process Management Advice of the Equity</p>

	<p>Lawyer and Criminal Defence Management of the Qualified Lawyers with Remedy Co-operation by One Defendant and Remedy Co-operation Refusal by the Other Defendant. The Proof Sets included Corruption Claims in the High Court that created Conflict Disqualifications and Remedy Only Jurisdiction Limits for the Citizen against the State and Crown Court.</p>
July 2016	<p>The Witness Intimidation Trials 20150661 + 20160121 got Remedy Co-operation and a No Jurisdiction Plea from Citizen Ms Berry and Remedy Co-operation Failure and Not Guilty Plea by Mrs McNeil. The Defence Counsel for Citizen Ms Berry dare not make the No Jurisdiction Case. She called the Equity Lawyer as Defence Witness. He gave Conflict Disqualification Jurisdiction Testimony using the Corruption Claims. The Trial Judge committed a Conflict Qualification Fraud and used it to make a Conflict Qualification Finding Fraud for himself. There were Trial Frauds. They included Contempt Penalty Threats that were Intimidation Frauds by the Trial Judge against the Equity Lawyer. The Cross Examination needed the Case Officer to read out a Brief Witness Statement made by Mrs McNeil. It discovered the Case Officer had a Kindergarten Reading Age and broke the confidence of the Trial Judge. He made a Premature No Case Finding for Trial Closure. The Corrupt Officers needed Contempt Protection Frauds and were given Harassment Restraint Frauds against Citizen Ms Berry and Mrs McNeil. Defence Counsel gave Restraint Acceptance Advice to Mrs McNeil. It contrasted with the Fraud Appeal Grounds produced by the Equity Lawyer that Ms Berry signed and filed. It got Stamp Filing Proof from the Crown Court before the Restraint Hearing and Remedy Denial Fraud Proof against the Court of Appeal.</p>
	<p>The Witness Intimidation Trial Fraud was a Power Boast Failure. The Protection Fraud Network needed a Power Boast Success. They used Restraint Breach Investigation Frauds that got Breach Finding Frauds against Citizen Ms Berry and Mrs McNeil. They failed to get Prosecution Frauds against Mrs Berry who was the Power Boast Target. They did get them against Mrs McNeil. She is of German Origin, has Technical Cleverness and Judgment Poverty and no instinct how to maintain the Queen's Peace. It made her an Easy Target for the Power Boast Fraud. On two occasions she consulted the Equity Lawyer who gave Remedy Management Advice and produced Defence Documents that she agreed. She signed the first. Each time the Defence Lawyers gave Remedy Refusal Advice and she acted on it. The Protection Fraud Network used the Restraint Frauds and in 2018 got Convictions Frauds and 9 Year's Imprisonment Frauds against Mrs McNeil and Contempt Conviction Frauds against 3 Public Gallery Witnesses.</p>
February	<p>The Protection Fraud Network used Harassment Criminal Investigation Fraud</p>

2017	<p>against Mr Taylor for the Intimidation Fraud needed to complete the Framing Fraud against Citizen Mr Paterson. The Criminal Investigators demanded Before Event Protection Frauds. They were given a Harassment Civil Claim HQ16X04344 + D02BN001 Trial Directions Fraud. It was Criminal Conspiracy Co-ordination Proof against Top State Officers and Law Court Judges It got the Repeat Trial Frauds at the Framing Fraud Appeal. The Civil Harassment Trial Directions Fraud Appeal got a Permission Refusal dated 4th April 2017 and Seal on Monday 10th April 2017. It completed the Criminal Conspiracy Proof Set against Top State Officers and Law Court Judges.</p>
	<p>The Crown and Lord Bishops used the Criminal Conspiracy Proof Set to decide the Corruption Remedy Conditions for the Parliament Session Agreement. They needed a Long Session of 2 ½ years to complete the Corruption Investigations in the Law Courts, get Proof Sets for Unfitness Cases against Top Judges and use them for Protection Fraud Investigations in Parliament. Prime Minister called a Surprise general xxx Election to avoid a Parliament Session Refusal and Forced General Election. It got the Long Session. The Key Decision was Responsibility Apportionment between Mass Remedies by Parliament and Case Remedies by the Law Courts. Integrity Tests for 6 months from General Election Day got Criminal Conspiracy Proof against Corrupt Officers and Remedy Unfitness Proof against the Law Courts. It included the Harassment Criminal Trial Fraud 2017 0438.</p>
6/11/2017	<p>Crown Protection denied the Cabinet the use of Legal Service Criminal Prosecution Powers by the State and Civil Contempt Enforcement Powers against the Law Courts. Corrupt Officers made Protection Fraud Demands. They needed Civil Contempt Prosecution Frauds with Top Judges signing All Major Decisions. The State Officers used a Royal Courts Exclusion Fraud against the Equity Lawyer as a Sabotage Fraud against the Integrity Tests. It failed. The High Court listed the Contempt Trial. The Trial Justice used the Exclusion Fraud to get an Appearance Failure and in Absence Trial Fraud by the Equity Lawyer. The Trial Judge used a Public Gallery Clearance Order to get a Secret Trial with No Witnesses. Citizen Ms Berry arrived a few minutes late. She found the others outside the Court Room. She was suspicious, went inside and found the Secret Hearing in progress. She called the Public Gallery Witnesses to take their places and gave notice the Royal Courts Exclusion Fraud had got the Appearance Failure. It got a Secret Trial Adjournment Order + Royal Courts Admission Order for the Equity Lawyer. He broke the confidence to complete the Trial Frauds and got a 15 Weeks Adjournment Fraud and 1st Trial Fraud Appeal by the Equity Lawyer in the Court of Appeal.</p>
January	<p>Mass Remedies by Parliament needed Remedy Co-operation Proof for Honest</p>

2018	<p>Officers and Criminal Conspiracy Proof against Corruption Controllers. Crown Prosecutors used the Criminal Trial 2017 0438 Charge Changes to get a Crown Court Hearing and Audio Record of a No Evidence Admission by them that did not get a Case Dismissal Order but got a Next Day Trial Order. It was Corruption Controller Proof against the Hearing Judge. The next day the Trial did not get a Case Dismissal Order. It got an Audio Record of the Trial Judge manipulating Citizen Mr Taylor into making a Trial Adjournment Application that got an Adjournment Order. It added to the Corruption Controller Proof against Crown Court Judges. It did not get publicity. The next was Voluntary Remedy Publicity Week. There was Mass Publicity for No Evidence Admissions, Prisoner Releases, No Case Admissions and Public Apologies.</p>
22/2/2018	<p>The Protection Fraud Network continued the Corruption Business as usual. The Contempt Trial Fraud got a Contempt Finding and Suspended Sentence Fraud + General Civil Restraint Fraud against the Equity Lawyer and the 2nd Fraud Appeal in the Court of Appeal.</p>
	<p>Citizen Mr Adam Mustafa is a Corruption Victim. In 2002 a Drugs Investigation got the Arrest of a Drug Dealer and Police Bail. She stole a car from Citizen Mr Mustafa. He made a Theft Complaint that got Stolen Car Flags on the Police Computer. Corrupt Officers committed De-Flagging Frauds that enabled the Drug Dealer to drive the Stolen Car in the Local Area when on Police Bail. It was Protection Fraud Proof against the Corrupt Officers. Six Weeks later Citizen Mr Mustafa saw her driving the car, called the Metropolitan Police, kept the connection, followed her and 12 minutes later witnessed the Car Theft Arrest. It was Fraud Proof against the Corrupt Officers. They demanded Protection Frauds. They got a Framing Fraud + Conviction Fraud + 1st Offence Imprisonment Fraud against Citizen Mr Mustafa. He got an After Sentence Completion Appeal Acquittal. It was a bad experience. He thought it was over. It was not. The Corrupt Officers remained in the Police Force. The Car Theft Protection Fraud Proof was a Permanent Vulnerability for them. They needed Discredit Frauds against Citizen Mr Mustafa. The 15 years later he wanted to make a Race Prejudice Complaint against Petrol Station Staff with the Station Video Record as Guilt Proof. It got a Race Complaint Investigation Denial Fraud + Video Evidence Guilt Proof Destruction Fraud by Cheshire Police for the Petrol Station Staff against him. It got a Race Complaint Fraud + Arrest Fraud + Video Innocence Evidence Destruction Fraud + Prosecution Fraud + Trial Frauds by the Petrol Station Staff, Cheshire Police, the Crown Prosecutors, Defenders and Crown Court Judges against him.</p>

	<p>The Cheshire Authorities had a Race Prejudice Case against a Black Man who had a Race Bias Fraud Defence and Jury Trial Rights. It got Trial Frauds. The Defender committed Defence Case Sabotage Frauds. He ignored Defence Instructions. He made an Unauthorised Plea Bargain Fraud. Citizen Mr Mustafa travelled from Crewe to London and consulted the Equity Lawyer. The Metropolitan Police made a Resource Allocation Order for a Surveillance Team to observe the London Visit. The Citizen waited hours while the Equity Lawyer completed other work. Then they spent 5 hours producing a Case Explanation Statement. The Citizen left in the early hours of the morning. The Surveillance Team questioned him. The Equity Lawyer served the Case Explanation Statement on the Government Lawyers. They had it on Monday Morning. On Tuesday night Cheshire Police used a Firearms Investigation Fraud for an Arrest Fraud and Mental Health Case Reference Fraud that got Custody Frauds and Forced Medication Frauds against Citizen Mr Mustafa by the Health Authority. The Race Bias Trial Frauds got Audio Records of Trial Fraud Blackmail Proof for Citizen Mr Mustafa, the Crown and Lord Bishops against the Defender, Prosecutor and Crown Court Judges. Citizen Mr Mustafa prepared to stand as a Corruption Remedy Candidate in the Council Elections.</p>
<p>12/6/2018</p>	<p>The Fraud Appeals got completion of the Organised Crime Proof against Appeal Lord Justices. It was used that day for a Remedy Process Email to Parliament that was an Office Unfitness Case Notice against the Top Judges. They made Protection Fraud Demands. Top Politicians made Protection Fraud Promises. Prime Minister Mrs May and Corrupt MPs traded Protection Frauds for Judges in exchange for support for the Brexit Deal. A Victory Dance by the Prime Minister was the Secret Signal she had a Deal Majority.</p>
<p>8/2018</p>	<p>The Prime Minister went to South Africa and Nigeria did Victory Dances and got Media Publicity. The Equity Lawyer gave Email Notice to Parliament that explained the Protection Fraud Deals and Victory Dances. Either she lied about the Deal Majority or the email broke it. She was furious. She needed to stop the Equity Lawyer providing Investigation Services for the Crown and Lord Bishops. She issued Medical Fraud Orders against the Equity Lawyer.</p>
<p>2018 to 2019</p>	<p>The Equity Lawyer had Long Term Monitoring of Kidney Failure and was on the Kidney Transplant List. Events have revealed Top Doctors used the Kidney Failure Treatment for Investigation Sabotage Frauds. Kidney Failure results in Toxin Retention and in some cases Water Retention. It was well known that Hospital Records were Medical Murder Proof for Farmer Mr Ellis against the State. It was well known Lord Chancellor Mr Clarke had used the Murder Proof for Corruption Investigations of the Law Courts. Doctors suspected a Medical Murder of the</p>

Equity Lawyer. The Water Retention Symptom was missing. They gave him Evidence Inconsistency Warnings about the Bad Blood Test Results and Missing Symptoms. It was a Relevant Circumstance. Top Doctors used the Kidney Failure Treatment for Mental Health Frauds. It added to the Murder Suspicion Evidence. The Top Doctors procured a Mental Case Reference Fraud against the Equity Lawyer by a Sussex GP to the Hospital Psychiatrist. It was Without Notice + Without Consent + Without Evidence + Without Examination. It got a Consent Refusal from the Equity Lawyer. A Telephone Call from the Hospital Psychiatrist got a Repeat Refusal from the Equity Lawyer. Professor Drage is an Organ Transplant Specialist. He used the Treatment Review Appointment for Treatment Denial Blackmail. He made the Kidney Transplant conditional upon a Mental Examination Consent. It got a Priority Decision for the Corruption Remedy Process and a Reasoned Consent Refusal from the Equity Lawyer. He used the Health Fraud Proof for the Corruption Investigation. When Dictators issue Corrupt Orders that fail everyone pretends nothing has happened. The Equity Lawyer got Nothing Happened Proof against Prime Minister Mrs May. He made Blackmail Fraud Complaints and got Complaint Process Denial Fraud Proof against the Local Hospital Trust and London Hospital Trust. He made a Care Package Application and got Application Process Denial Fraud Proof against East Sussex County Council. He got Stamp Filing Proof from the Crown Prosecution Service on every document. They sent them to the Director of Public Prosecutions who put them on the Parliament Session File for use by the Crown and Lord Bishops. The Equity Lawyer gave an Imminent Homelessness Notice to the Local Hospital Trust. The Appointment Records omitted any mention of the Homelessness Notice and included Innuendo Defamation Frauds that supported the Mental Health Frauds. In December 2018 the Equity Lawyer had a Fistula Operation that prepared for Haematology Dialysis. On 26th March 2019 the Local Hospital Trust telephone demanding he appear for Immediate Dialysis. He was due to be homeless that week. They expected him to believe they planned Haematology Dialysis 3 times a week for a homeless man. It was Totally Incredible. It supported Murder Suspicions. It got a Treatment Refusal from the Equity Lawyer. Top Doctors expected Protection Frauds from Prime Minister Mrs May. The Remedy Process had got Criminal Conspiracy Proof against many MPs, Attorney General Mr Cox, Prime Minister Mrs May and Opposition Leader Mr Corbyn. It got a Forced Resignation from Prime Minister Mrs May and the Proof Set needed for a Forced General Election. The Forced Resignation caused Top Doctors to know they could

	<p>not get Mental Health Frauds from her, and might not get them from her successor. The Equity Lawyer waited for the Forced Resignation and asked a London GP for Kidney Failure Treatment. It got Blood Test results that revealed Kidney Failure and asked for Dialysis Treatment. Top Doctors made a Dialysis Treatment Offer Conditional upon a Mental Examination Consent. It got a Priority Decision for the Remedy Process and Consent Refusal by the Equity Lawyer. They got a Mental Health Arrest Fraud. He went into Half Hiding. The Secret Service knew where he was but did not tell the Mental Health Fraud Managers. The result was a Treatment Delay from 26th March 2019 until Late Stage Kidney Failure got an Emergency Admission to Broomfield Hospital Chelmsford on 17th April 2020.</p>
2018	<p>Meanwhile, the Protection Fraud Network needed a Power Boast Success against Citizen Ms Berry. They used Benefit Denial Frauds that got House Mortgage Possession Frauds. Investigation is needed to discover what got Possession Fraud Enforcement Delays and a Backdated Benefits Payment and then a Benefit Claim Fraud Prosecution. It got completion of another Criminal Conspiracy Proof Set against State Officers and Organised Crime Proof Set against Law Court Judges and Office Unfitness Cases against Judges in Parliament. The Benefits Agency served a Case Withdrawal Hearing Notice that indicated Citizen Ms Berry. There was no need for her to attend. Her sister, the Baby's Mother, had Fraud Suspicious and told Citizen Ms Berry to attend. She arrived late and found the State Counsel using the Appeal failure for an Arrest Warrant Application. Citizen Ms Berry produced the Case Withdrawal Notice. The Hearing Judge denied prior knowledge of it, verified it against the Court File but failed to make a Contempt Finding and Remedy Orders for Citizen Ms Berry. It added to the Organised Crime Proof. The Mortgage Possession Fraud included the use of Redemption Statement Denial Frauds that prevent Mortgage Repayment before the Auction Sale Fraud. The Bank Fraud Claim in the High Court got the 1st and 2nd Interim Remedy Denial Fraud Appeals and Remedy Denial Fraud Proof against the Court of Appeal</p>
May 2019	<p>Citizen Mr Mustafa stood as Independent Candidate with a Corruption Remedy Campaign for the Crewe Central Ward Council Seat. He got 55 votes. The Labour MP for the Nantwich and Crewe Constituency had a 48 Vote Majority. Labour Party Officers feared his Independent Candidacy and Corruption Remedy Campaign at the General Election would get Votes Losses for the Labour Candidate. Conservative Party Officers feared the Corruption Remedy Campaign.</p>
7/6/2019	<p>Party Leadership Resignation of Prime Minister Mrs May got a leadership Contest.</p>
13/6/2019	<p>Contempt Fraud HQ18X00347 Protection Breach Hearing got a Contempt Finding Fraud + Penalty Fraud for the Attorney General against Citizen Mr Paterson. It</p>

	completed the Fraud Proof Set that got the Forced General Election.

	The Protection Fraud Network needed a Middle Eastern War for Remedy Sabotage Frauds. The Iranian Leaders needed a Middle Easter War to deal with Civil Unrest. The Oil Tanker Seizure and Missile Launch got a War Engagement Refusal by President Trump. The Protection Fraud Network used Top Politicians and Top Judges and Top Police to provide Protection Frauds to Drug Dealers who financed Missile Purchases for the Turkish PPK. It got a Movement Order by President Trump of US Troops out of Syria to avoid US Casualties from British Financed Missiles. Security Considerations prevented disclosure of the Real Reason.

	<p>The Nantwich and Crewe Election Fraud</p> <p>The Election Frauds made Parliamentary Candidacy a Bad Risk. The Equity Lawyer did not ask anyone to stand. Citizen Mr Mustafa had a Ground Works Business. He was getting work and not interested in standing as a Parliamentary Candidate. Labour Party Officers feared he would stand as an Independent Corruption Remedy Candidate for the Nantwich and Crewe Constituency. He got 55 Council Seat Votes. The Labour MP defended a 48 Votes Majority. They managed a Campaign Sabotage Fraud against him using Paedophile Defamation Frauds in a Facebook Account that had 20,000 Local Users. He contacted the Equity Lawyer. They agreed the Election Fairness Claim. The Equity Lawyer got signatures from the Citizen and took a Papers Set for filing with the Crown Prosecutors for the Parliament Session File kept by the Director of Public Prosecutions for the Crown. Citizen Mr Mustafa got the Fee Remission Certificate too late to get Claim Issue. He did not have the confidence to give the Claim Papers to Citizens, took them back to Crewe and then posted them to the Equity Lawyer. Cheshire Police feared the Corruption Remedy Campaign. They ignored the Car Ownership Proof of a HP Agreement + Insurance + Road Fund Licence and used Ownership Denial Frauds for a Car Theft Arrest Fraud + Mental Health Case Reference Fraud + Mental Health Custody Fraud + Forced Medication Fraud.</p>

12/12/2019	General Election got an 80 Seat Majority for Prime Minister Mr Johnson. Fraud Findings against All Party Leaders denied a Credible Choice for Voters and invalidated a Repeat Forced General Election. The Crown and Lord Bishops imposed Corruption Remedy Conditions in the Parliament Session Agreement. They required a Royal Commission to manage Corruption Remedies before the Session End. The Default Penalty is a Parliament Session Refusal and Forced General Election with Mass Publicity for the Corruption Proof, Remedy Denial Fraud Proof and Election Fraud Proof.

6/3/2020	The Judges sold a Business Lease F02ED793 Possession Fraud to the Landlord and on 4/2/2020 knew they needed a Bankruptcy Fraud against a Tenant for a Trial Avoidance Fraud. On 7/2/2020 Enfield Council got issue of a Council Tax Bankruptcy Petition Hearing for 27 th March 2020. The Possession Denial Appeal of the Landlord and Directions and Costs Appeal of the Tenant were filed. The Tenant served Appeal Papers on the Landlord. The Bias Fraud Proof against the Court is Appeal Process for the Landlord and Appeal Process Denial Fraud against the Tenant and Defence and Counterclaim Filing Acknowledgment Denial Fraud against the Tenant. The Directions and Costs Appeal and Defence and Counterclaim got a Pending Adjudication Enforcement Stays for the Tenant against the Landlord. The Landlord ignored the Pending Adjudication Stay and produced a Statutory Demand dated 6/3/2020 for the £37,466.40 Rent Enforcement. They did not serve it. They needed Fraud Commitment Proof from the Trial Judges and Appeal Judges. On 16/3/2020 the Trial Judges committed a Defence and Counterclaim Filing Denial Fraud evidenced by the Defence Filing Time Limit + Default Strike Out Order. In addition, the Trial Judges served the Possession Denial Appeal of the Landlord on the tenant but did not acknowledge the Directions and Costs Appeal of the Tenant. It was Fraud Commitment Proof. On 27/3/2020 the

	Council Tax Bankruptcy Petition failed to get a Bankruptcy Order for Enfield Council. The Judge made an Appeal Directions Order that did not identify which appeal it processed. The Landlord accepted it as Fraud Commitment Proof and served the Statutory Demand.

	NHS Blood Test Appointment made by the London GP got a Sample Appointment in a Health Centre and a Test Result that confirms End Stage Kidney Failure. It got an Urgent Hospital Admission Case Reference by the London GP
17/4/2020	Late Stage Kidney Failure got an Emergency Admission to Broomfield Hospital Chelmsford for the Equity Lawyer. Top Doctors pretended the Case Priority was a Mental Examination. A Mental Health Team pretended they did not know End Stage Kidney Failure got the Hospital Admission. They got a Reasoned Consent Refusal from the Equity Lawyer. A Nurse appeared with a Clip Board and asked Confusion Assessment Questions. It got a Reasoned Examination Consent Refusal by the Equity Lawyer and an Angry Mental Examination Denial Fraud by the Nurse. The Top Doctors used a Secret Mental Illness Diagnosis Fraud + Quetiapine Prescription Fraud to get the Urea Retention Side Effects needed to Dialysis Treatment Sabotage Frauds. A Pharmacist told the Equity Lawyer about the Side Effects. The Post Dialysis Blood Test Results revealed Urea Levels were 5 times higher than normal and at the Admission Day Level. The Dialysis Doctor said the Corona Virus Emergency had reduced Dialysis Treatment from three times to twice a week with intervals up to 96 hours instead of 48 to 72 hours and is subject to

	<p>Short Notice Changes. He denied knowledge of the Urea Retention Side Effects but said he would check it. The Equity Lawyer did not have Internet Access. He used and Agent to make a Health Fraud Complaint. It got Complaint Process Denial Fraud Proof against Broomfield Hospital. It needs an Equity Standard Criminal Investigation.</p> <p>The Urea Poison Fraud had failed. The Health Case Priority for the Remedy Process was Relation Recovery between the Patient and the Medics. The Complaint Agent did not understand this. She made an Unauthorised Demand for Treatment Transfer. The result was Communication Refusal Frauds by Broomfield Hospital against the Equity Lawyer in the Complaint Case and Treatment Transfer Case, and Communications Frauds by Broomfield Hospital with the Complaint Agent in both the Complaint Case and Treatment Transfer Case.</p>
