Hi Dear,

Thanks for your kind response and as a matter of fact, I am very happy to read your mail, however, I really want to establish a true relationship that may lead to a business partner or something else. I want to use this opportunity to tell you all about myself. Presently i am in Syria at war zone for a peace keeping mission due to the crisis over here in Syria.

It is my pleasure meeting you, I hope all is well with you and how are you enjoying your day?. I am Doctor Katherine Elliot, (born October 13, 1977) originated from Northern California, working with the American Army as an emergency and critical care nurse.

My dear, i want you to know that we are being attacked by insurgents everyday and car bombs and during one of our rescue mission we came across a safe box that contain huge amount of money that belongs to the supporters of the overthrow government of Syria, which I believe was money meant for buying weapons and ammunition, and it was agreed by all Army officers present on that rescue mission that the money will be shared among us and which we did.

Out of the total fund my share was \$3,560,000 (Three Million Five Hundred and Sixty Thousand united states Dollars) I am seeking your assistance to evacuate my share of the money out of this country (Syria) to

your own country for you to keep it safe on my behalf till i come over to your country. So i want you to assure me that if this money is been delivered to you in your country that you are going to be trustworthy to keep the money till when i will come to your country to meet you face to face to collect the money back from you, It's clear to me that you might be scared of this proposal, but i want to let you know that i have made solid arrangements with a "Security Delivery Company" and they have promised to deliver the fund through diplomatic method to any of my choosing destination.

This delivery is going to be handled legally by the "Security company" and there will not be any form of risk involved in the process and the money will be packed safely in a truck case and the same case will be delivered to you in your country. I have decided to compensate you with 25% of the total money once after the money is delivered to you, while the rest balance shall be my investment capital in your country.

One passionate appeal I will make to you is not to discuss this matter to a third party, if you do not want to be a party to this business please delete this letter from your email box to avoid any leakage of this information and it will be dangerous to me based on my position here.

I have chosen to contact you after my prayers and I believe that you will not betray my trust nor thwart my dream, though you may wonder why I am so soon revealing myself to you without formal introduction, well, i will say that my mind convinced me that you are the true person to help me in receiving and investing this Fund.

Note; I do not know how long we are going to remain here and my fate since i have survived two bomb attack here, which prompted me to search out for a reliable and trustworthy person to help me receive and invest the Fund, because I will be coming over to your home country to invest and start a new life not as a soldier anymore.

I hope my explanation is very clear but if you need further clarification just let me know and i will explain further, I want to let you know that here in the military zone we are not allow to make use of mobile phone, we only make use of radio message and email communication so please let us continue communicating through email for the mean time.

Conclusively, I wish you could send me a reply immediately in regards to this proposal, your urgent reply will be highly appreciated.
