Dear Michelle,

Thank you for your two emails received yesterday, 11/9, together with an attachment entitled the People v Top judges, which I have read. I do not pretend to understand the purpose and significance of that document or even Most of the content or its relevance to your practice as an osteopath.

What I can say is that both my wife, Janet, and I (and in particular my wife) have used your professional services as an osteopath for many years. We have found you to be a professional and effective osteopath in addressing our needs. We have also recommended you to others who, we understand from them, have been satisfied with your services. We have never had any reason to doubt your integrity or honesty.

I am away at present until Wednesday, and respond in haste because of the time limit you are under.

Yours sincerely

HH Daniel Pearce-Higgins QC
