 - 3.3.3. Test Case Referrals from Equity Lawyer Mr Edward William Ellis
 - 3.3.4. The Rotherham Protection Fraud Investigation
4. Contempt Investigation Directions Hearing on September 2025

REASON

Top-Level Corruption Exposure motivated a Ruin Fraud Conspiracy against Citizen Mr Nkrumah. A Case Management Authority from him enabled a Corruption Remedy Process managed by the UK Coronation Oath Enforcement Authority. They have Corruption Remedy Jurisdictions that govern Parliament Session Powers. They manage the Profession Authority responsibilities of Parliament. The Remedy Process uses Corruption Investigations to achieve Total Destruction of the Protection Fraud Network that manages Endemic Corruption.

The Remedy Process needs Immunity Deals that gets Immunity Terms in exchange for Full Disclosure about the provision of Protection Frauds for Crime Profiteering and Child Prostitution. The Trade Unions and Political Parties can get then on an Industrial Scale. The Remedy Process is using the Ruin Fraud Conspiracy against Mr Nkrumah and the Rape Framing Fraud 01YE1544123 against Citizen Mr Antonakis Katsiaounis and 2025 Conference Season for Deal Tests. The preparations included Mass Publicity for Industrial Scale Fraud against the Unite Union. Power Struggles will get Immunity Deals or Protection Frauds. Top Journalists have known about the Remedy Process for years. Some serviced it. The Remedy Process uses Corruption Exposures to increase the MP Retirement Rate that enable General Elections to get Power Transfers to a Governing Majority of New People in control of a Political Party, or to one or more Other Parties. The Sleaze Measure governs the Transfer Risk. In 2009, the Expense Account Scandal was Greed Sleaze. Journalists kept it going long enough to break the Governing Majority and get a Power Transfer to the Coalition Government. In 2019, Corruption Proof and Protection Fraud Proof against Prime Minister Mrs May got a Forced Resignation from her, and a Joint Liability Presumption against Cabinet Officers subject to Rebuttal Proof Positive. Disclosure Denial Proof against Prime Minister Mrs May was enough Rebuttal Proof to avoid a Joint Liability Finding and get a Limited Publicity Finding. It was Mass Publicity for the Disclosure Failures but not the Withheld Information or Forced Dismissal Decisions. The Joint Liability Rebuttal Proof was not enough to avoid a Dismissal Decision against Parliament. In October 2019, the Parliament Session Grant required a Forced General Election before the Year End.

Scandal Management in 2009 and 2019 provide Comparator Cases for Scandal Management in 2023, 2024 and 2025.

Corruption Proof got by Citizens validated the Corruption Remedy Conditions in the 2021 Parliament Session Grant. They required a Mandatory Majority for Remedy Delivery using the Standard Procedure. It discovered a Parliament Unity Failure that required the Special Procedure. The Imprisonment Fraud Proof against the Judiciary Alone and Findings Set got Mass Publicity for the demonstration cases: the 17 Years Imprisonment Fraud + Rape Case Police Station Video Record Concealment Protection Frauds + Imprisonment Fraud Profiteering. It motivated a Viable Number of World Leaders to use the December 2023 G7 Summit to make a Corruption Remedy Plan. It needed an International Agreement for Remedy Enforcement against Fraud Profiteers and a Credibility Transfer from the State to the Citizen. The International Agreement got the Damage Payments for the Post Office Scandal and Contaminated Blood Scandal. The Credibility Transfer needs use of Advanced Electronic Signatures to get Verified Identities, and identify Trustworthy Individuals to manage Governance Services and make Efficiency Savings. In 1998, UK Citizens completed development of the Behaviour Analysis Technology that enables User Identification for Advanced Electronic Signatures. The UK and EU used Consumer Protection Pretence Frauds for Supply Denial. The Corruption Remedy Plan needs to end the Supply Denial and prepare for Mass Supply. Wacom advertise their good with Advanced Electronic Services that are not yet available. In the UK, the Delivery Plan requires use of Post Office Masters and Royal Mail Delivers as the Core Set for a Verified Identity Community, and use of State Libraries as Service Hubs. World Leaders agreed the Root Problem is that the Human Rights Declaration omits Case Priority Powers for the Victim and Citizen. By default, it vests a Remedy Powers Monopoly, alias Dictator Powers, in the Sovereign State. Human Rights Referenda would have got Case Priority Powers for the Victim and Citizen. The Case Priority Right would have enabled Corruption Controls and Governing Majorities with Conservative Values that manage Skill Reserves + Poverty Reserves + Health Service Reserves + War Reserves. They would have prevented any problem getting too big. The Dictator Power Priority of most of the Sovereign States denied Human Rights Referenda. The Human Rights Declaration Signatories gave and got a Dictator Power Approval conditional upon Human Rights Propaganda Frauds. The National Damage was that in most of the Signatory States the Politicians lost control to Crime Partnerships of State Officers and Law Court Judges. They developed Protection Fraud Networks to provide Support Services and manage Co-ordinated Corruption. They sold Market Frauds to Organised Crime, provided Protection Frauds for the Corrupt Officers who managed them, and traded Glittering Career Guarantees and Job Profits for Fraud Services by Corrupt Parliamentarians. General Elections got Governing Majorities that were subject to Remedy Denial Majorities. Budget Frauds got Crippling Debt and Bankruptcy Conditions for many of the Sovereign States. The International Damage was the use of Dictator Powers for International Agreements that got Short Term Benefits for Powerful Parties and Long-Term Damage against Powerless Parties and the Environment, and then Problem Denial and Remedy Delays until Problem Growth got Collapse Conditions. A Collapse Trigger was inevitable. It happened to be the Bankruptcy Conditions + Ukraine War + Palestinian Genocide. World Leaders discovered the Human Rights Declaration was an Entrapment Web. The International War got Automatic Defence Rights Declarations for Ukraine against Russia. The Israeli Civil War got Automatic Defence Rights Declarations for Israel that ignored the Human Rights Denial Frauds for 75 years, and the Protection Obligation for the Governed against the Governors.

World Leaders agreed the Root Remedy is Co-ordinated Management of Systemic Change from Dictator Governance to Equity Governance. The Remedy Process will get Remedy Delivery for the UK and a Delivery Precedent for the world. The Top-Level Corruption Exposure by Citizen Mr Nkrumah includes Land Frauds by Cabinet Officers and Top Judges for themselves, Protection Frauds for Crime Businesses managed by State Officers and Law Court Judges. A Protection Fraud Customer is Foreign Secretary MP Mr Lammy for his part in the Tottenham War Veterans Charity Frauds. There are many others.

Top Level Corruption Exposure by Citizen Mr Katsiaounis includes the Family Sabotage Frauds + Child Thefts against his daughter, Mrs Theodorou, her 6 Children and the Maternal Relatives including him. It is a Lead Case. In December 2023 the World Leaders made the Corruption Remedy Plan. It motivated the Protection Fraud Network to manage Cohesion Sabotage Frauds against Victim Groups. The one against the Theodorou Family was Rape Faming Fraud 01YE1544123 against Citizen Mr Katsiaounis. Production Demands by him for Corruption Proof as Defence Evidence got Evidence Concealment Fraud Proof + Recorded Interview Denial Fraud Proof got Interview Refusals and Case References up the Command Chain and Protection Fraud Proof against the Cabinet. The Blackmail Statement dated 14th October 2024 of Mr Nkrumah enabled him to get it Child Prostitution Protection Fraud Proof against the Cabinet.

Both Cases created the need for Immunity Deals on an Industrial Scale.
