Corruption Remedy Test Case Notice to the State and Law Courts

From: Equity Lawyer Mr Edward Ellis

To: Imprisonment Fraud Release Claim Agents Ms Cheryl McLeod + Mr Caul Silford Grant

Grateful Thanks for the Emotional Support and Release Claim Management provided for Citizen Mr Nkrumah.

Success Notice: The Coronation Oath Enforcement Authority use the Corruption Remedy Proof Standard. It is Official Records that are Justice Proof for Honourable Officers or Guilt Proof against Corrupt Officers and Credibility Irrelevance Proof for the Victim. The Claim Content + Filing were Effective Notice of a Corruption Claim. It forced the State and Law Courts to choose Just Remedies or Enforcement Frauds. The 2025 09 18 14 33 Claim Acknowledgement + Co-operation Request Email from the High Court King's Bench to the Administrative Court and Cheryl McLeod gets a Remedy Co-operation Intent Presumption for King's Bench Administrative Officer Ms Analisa Ghale. Events will discover what else it gets, and who for, or who against. The Crown and Parliament Session Court need an Official Record that is a Context Explanation + Case Explanation + Event Notice. The Imprisonment Fraud Release Claim Notice does that. The Notice Filing and Service Email gets Official Record Status for it, and will get Effective Notice Proof for you, the Coronation Oath Enforcement Authority against the State, Law Courts, Cabinet and Parliament.

Polite Request that it be called the Imprisonment Fraud Release Claim. The Coronation Oath Enforcement Authority is managing a Corruption Remedy Process. Citizen Mr Nkrumah gave use of his cases to service it. Case Communications need to use language that service rapid grasp by as many Lay Jurors as possible, and aids Group Decisions. It is better to use Self Explaining English Phrases. Latin Terms like Habeas Corpus makes some feel they are out of their depth and undermine confidence. Efficient Labels uses YYYY MM DD + Case Description + Document Description + Case Parties. No one knows how many times any Evidence Item will be used. The Date Label enables the computer to put documents from Connected Cases in Chronological Order. The rest of the label enables rapid grasp what function any document has in the cases in which it is used. It saves time spent on Evidence Audits. The 2025 09 20 16 37 Forward Email Attachment Record Amendments are a Labelling Demonstration. You can ask yourself how much time will be Efficient Labelling will save in the Corruption Investigations.

Polite Request that you keep a Case Management Log. It needs to be in Chronological Order as far as possible. It needs removal of Redundant Material, which is a matter of judgment. Sometimes it is not easy to match attachments to particular emails in an email chain. Efficient Labelling helps. The Communications Log is easier to produce, and easier to use in Corruption Investigations, if it is updated and attached to a New Start Email instead an Email Chain Addition. The Schedule uses the 2025 09 20 16 37 Forward Email Content + Attachments for a Log Demonstration. Please add all the communications.

Remedy Delivery required Dismissal Executions against the Judiciary by Parliament on 14th July 2025, Victim Identification and Case Remedies. The Dismissal Failure + Imprisonment Fraud against Citizen Mr Nkrumah got a Remedy Denial Fraud Finding against the Cabinet by the Parliament Sessions Court. The Default Penalty is a Dismissal Decision against the Prime Minister. Parliament has Execution Jurisdiction. A Dismissal Failure will get a Remedy Denial Fraud Finding + Dismissal Decision against Parliament by the Sessions Court and Dismissal Execution by the Electorate. The September Corruption Publicity got a Forced Resignation from the Deputy Prime Minister, Forced Dismissal of the UK Ambassador to the USA and services the Dismissal Process against the Prime Minister. Many thousands of people want Immunity Deals in exchange for Full Disclosure. The Release Claim can service it.

Subject: Re: Urgent Habeas Corpus application-Mr Akwasi Nkrumah v The Governor of HMP Pentonville Prison
Dear Administrative Court / Miss Analisa Ghale,

I am writing to formally remind you that this is a writ of Habeas Corpus, which was lodged with the High Court on 15th September. The application was placed in the High Court's Dropbox which we took photographs to the contrary, ensuring there is no misunderstanding regarding its location.

Upon reflection, we observed the unprofessional attitude of some of the frontline staff, which appeared patronising and incoherent, especially given the importance of this application.

Analisa Ghale advised that she wanted me to follow up with the Administrative Court to confirm whether they have retrieved the documents in question, so she can obtain the "original fee remission certificate", which I have submitted electronically on multiple occasions.

We can only conclude that this delay is a tactic to prevent this application from being heard, constituting a continuing breach of fundamental rights, contrary to the **Habeas Corpus Act 1679, Article 5 of the ECHR**, and the principles established in binding precedent.

In light of the above statutory and constitutional requirements, and the relevant judicial authorities, I formally request:

1. A written acknowledgment of receipt of this correspondence and confirmation that the application has been duly recorded; and
2. A clear and specific timeline for the judicial review and determination of this urgent application.

Additionally, I would like to remind you that Ms. Analisa Ghale referred to us as Mr. Nkrumah's "**friends**" within this e-mail, please note we have been given written consent to act on his behalf, which I've attached electronically again.

Yours sincerely, Ms McLeod 🦋 Sent from Chez's IPAD 🦋
