Remedy Proposals to get a Just World Order

1. Conflicted Interest Finding + Conflict Jurisdiction Disqualification Finding + Conflict Jurisdiction Qualification Pretence Finding + Bias Finding + Damage Finding + Causation Finding + Fraud Finding + Justice Process Contempt Finding + Just World Order Remedy Entitlement Finding + Common Law Remedy Management Entitlement Finding by the Parliament Sessions Court for the People against the Authorities for the Reasons:
 - 1.1. Dictator Governance uses Unreasoned Declaration Fraud Training of Regulated Professionals, State Officers and Law Court Judges to get Case Frauds against the Individual and Just World Order Denial Frauds against the People. Corruption Remedies needs the Common Law.
 - 1.2. The World War II Peace Settlement had Fundamental Flaws. The Human Rights Declaration omitted Case Priority Rights for the Victim and Citizen, and Top-Level Corruption Controls that were Credibly Independent of the State, Law Courts, Cabinet and Parliament. The omissions vested Case Priority Powers and the Top-Level Corruption Control Powers in the State. The Declaration Signatories gave and got Mutual Approval of Case Priority Powers and Top-Level Corruption Control Powers for the State and used them to develop Dictator Powers.
 - 1.3. The UK was a Special Case. The Common Law defines the Constitutional Balances. It has Case Priority Rights for the Victim and Citizen. It has a Top-Level Corruption Controller with Case Priority Enforcement Powers for the Victim and Citizen. It is Credibly Independent of the State, Law Courts, Cabinet and Parliament. It uses Rights Definition by the Common Law as a Quality Control for Rights Definition by Practice + Precedent + Policy of the Judiciary, Policy + Delegated Regulation by the Cabinet and Regulation + Legislation by Parliament. It is not perfect. It is better than anything of the other Declaration Signatories. Some had a Common Law Base but terminated use of Common Law Rights Definition as a Quality Control.
 - 1.4. Dictators use Human Rights as Trading Stock, Oppression Frauds against Corruption Victims and Sabotage Frauds against Leadership Competitors. The Politicians lost control to Crime Partnerships of State Officers and Law Court Judges. They developed Protection Fraud Networks to provide Support Services and manage Co-ordinated Corruption. They control of the State, Law Courts and Parliament and sell Market Frauds to the Highest Bidder.
 - 1.5. The European Union Dictators classify Religious Leaders and the Coronation Oath Enforcement Authority as Leadership Competitors.
 - 1.6. The Sabotage Frauds against Religious Leaders are Sex Crime Investigation Denial Frauds by the State. The used Sex Predators and Victim Life Damage to do Total Ruin Damage against the Religious Leaders. It got Reputation Damage Successes but Total Ruin Failures. Religious Leaders are in Reputation Recovery.
 - 1.7. The Sabotage Frauds against the Coronation Oath Enforcement Authority are Evidence Frauds + Education Frauds.
 - 1.8. The Evidence Frauds are Judgment Service Penalty Frauds against Regulated Lawyers. It denies Judgment Services that Case Parties needed for Efficient Case Management or the People needed for Integrity Tests of the Authorities that get Corruption Remedy Standard Proof Sets. The Corruption Remedy Proof Standard is Official Records that are Justice Proof for Honourable Officers or Guilt Proof against Corrupt Officers and Credibility Irrelevant Proof for the Victim. Judgment Service Penalty Frauds force the Regulated Lawyers to create Decision Responsibility Proof for them against the Client. They charge Exorbitant Costs for doing so. Most of them cease to be Problem Resolvers. They are problem Exploiters. They give the Client the Case Options, laugh at Bad Choices, and make Bad Choice Profits if they can. It degraded Regulated Professions into Plunder Professions. The function of the Evidence Frauds was that everyone forgets how to service the Coronation Oath Enforcement Authority.
 - 1.9. The Education Frauds omit from Academic Curricula and Profession Qualification Curricula any mention of the Coronation Oath Enforcement Authority. The intent is that everyone forgets it existed. It was a Damage Success and Total Ruin Failure for the European Union Dictators.
 - 1.10. The Damage Success is Unreasoned Declaration Fraud Training of Regulated Professionals, State Officers and Law Court Judges to get Case Frauds against the Individual and Just World Order Denial Frauds against

Bench Warrant Fraud 22CA1074323 Endemic Corruption Appeal – Remedy Proposals

25th March 2026

the People. The Total Ruin Failure is that the Gnostic Christians made an Equity Governance Recovery Plan for the UK and World War III Peace Plan for Democratic States to build a Just World Order. Queen Elizabeth agreed it and serviced it. In 2023, King Charles got it. The Plan Agreement is that Sovereign destroy the Protection Fraud Networks that manage Endemic Corruption, recover control of State Budgets, resource World War III Defences and resource a Just World Order. The Management Agreement got Test Case Status for the UK and Test Manager Status for the Coronation Oath Enforcement Authority. The Remedy Agreement got Remedy Enforcement against Fraud Profiteers and Penal Enforcement against Corrupt Leaders. The Delivery Agreement got Delivery Commitments some of which are conditional on Plan Successes. The Publicity Agreement requires Plan Secrecy and Mass Publicity for Plan Success without disclosure that is what they are, until there are enough for Plan Publicity. Some say the Publicity Plan is a set of Delivery Commitments.

- 1.11. Peace Plan Successes prove that a Just World Order needs the Common Law. It manages Rights Definition by identification and elimination as invalid of the Worst Wrong, that risks a Relationship Breakdown between the People and the Goodwill God, and then the Lesser Wrong that risks International War, and then the Lesser Wrong that risks Civil War and then the Lesser Wrong that risks Local Riots and then the Lesser Wrong that risks a Case Parties Brawls and classifies the Remaining Options as Potentially Valid. Then it identifies and eliminates as invalid the Worse Option until what remains is a Valid Set of one or more and uses that for the Rights Definition.
- 1.12. The Common Law imposes on everyone a Common Obligation to investigate Rights Breach Complaints, notice and investigate anything that raises Reasonable Suspicions of a Rights Breach against anyone with Complaint Incapacity, and for Remedy Management. It needs Pending Process Enforcement Stay Protection for the Suspected Victim and Citizen against the Authorities. It needs Rights Discovery. The Common Obligation is subject to Circumstance Proportionality. The Empowerment Circumstances of Freedom + Experience + Talent + Wealth gets a Greater Obligation than Ordinary Circumstances and a Case Reference Obligation Limit in the case of Disempowerment Circumstances of Responsibility Burdens + Inexperience + Talent Deficit + Poverty. Circumstance Proportionality is a Risk Control against the Remedy Obligation Enforcement against anyone with Insufficient Empowerment doing a Greater Wrong than the Original Wrong.
- 1.13. The Common Law uses Management Inequality Remedy Rights for Case Parties as a Risk Controls against Public Office Misuse. It needs the application of Reliable Objectivity at every stage of Right Definition and Rights Enforcement. It needs Jurisdiction Separations as a Risk Control against to deny Power Concentration in an Unaccountable Minority. It needs Jurisdiction Separation of Right Definition Jurisdictions from Rights Enforcement Jurisdictions and the Conflict Jurisdictions of Authoritative Opinion, Investigator, Prosecutor, Defender, Trial Adjudicator and Appeal Adjudicator. It needs a Credible Neutral Qualification for Conflict Jurisdictions. It needs use of any Conflict Jurisdiction Office in a case for a Conflicted Interest Disqualifications from All Conflict Jurisdictions later in the case. It needs a Universal Obligation, that applies in all cases, of a Voluntary Disclosure of anything that is or might appear to be a Conflicted Interest and Neutrality Obligation Breach. It needs an Evidence Balance that starts with a Validity Presumption for the Citizen and Credibility Presumption for the State both of which are subject to Rebuttal Proof Positive. It needs the Neutrality Breach Penalty of Evidence Inadmissibility of anything got by an Office Qualification Breach and Evidence Process Breach.
- 1.14. A Just World Order needs the Common Law to manage Corruption Remedies. It needs to reverse the Unreasoned Declaration Fraud Training of Regulated Professionals, State Officers and Law Court Judges that gets Case Frauds against the Individual and Just World Order Denial Frauds against the People.
