    10.10. Admit deny or require proof that the that Stevenage Magistrates Court Security Guards commit Court Frauds. In 2021, they had managed an Isolation Fraud against Citizen Mr Nkrumah, that used an Eviction fraud against the Equity Lawyer. An Eviction Protest by Citizen Mr Nkrumah motivated a Totally Thoughtless Eviction Fraud against him. They sent a Security Guard out to try and persuade him to re-enter. The Equity Lawyer persuaded him not to re-enter. It got Eviction Fraud Accountability for the Security Guards and a Forced Adjournment by the Magistrates. It discovered the Security Guards get Perverted Satisfaction from Domination Frauds, and Domination Failures motivate Revenge: Lies + Violence. The Hearing Report + Adjourned Hearing Report got a Confidence Transfer by St Albans Crown Court Judges. It was enough to get a Fraud Service Refusal + Court Audio record of a Public Session Apology but not enough for Corruption Remedies. The Security Guards heard about it. The 41CT1345226 Plea Hearing on 28th August 2026 got a Case Briefing for the Security Guards. They remembered the 2021 Frauds. They serviced an Isolation Fraud against Citizen Mr Coyle for the Magistrates. It failed. They let Citizen Mr Coyle, Citizen Mr Nkrumah and Equity Lawyer Mr Ellis enter. Then they used a 'Come Outside Request' to get the Equity Lawyer and Citizen Mr Nkrumah outside with intent for a Re-Entry Refusal Fraud. The three stayed together. The Equity Lawyer said it was an Eviction Fraud and they could all go, or words of very similar meaning. It got a Confidence Collapse by the Security Guards who could not explain why they were outside. They abandoned the Isolation Fraud, and everyone re-entered. It was a Humiliating Failure for the Security Guards. They wanted a Revenge Opportunity. Public Gallery Access Denial Frauds by the Magistrates and Security Guards was an Open Session Denial Fraud in All Cases against All Defendants. The 41CT1345226 Plea Hearing Case Call got Court Room Access for Citizen Mr Coyle, Citizen Mr Nkrumah and Equity Lawyer Mr Ellis. It discovered the

Highly Stressed Faces of 3 Lay Magistrates. It got Isolation Fraud Proof against the Magistrates. The Chair made Application Form Possession a Legal Assistance Condition and a Form Possession Failure for an Assistance Permission Refusal + Defence Cases Papers Refusal. The Equity Lawyer and Citizen Mr Nkrumah were in the Public Gallery. Trial Preparations got 'Case Officer – 10 Minutes' from the Prosecutor got '60 Minutes for the Defence' from the Equity Lawyer and a Public Gallery Clearance Order from the Chair and Unplanned Trial Fraud Protest by Citizen Mr Nkrumah. He did not know the Public Gallery Protest Procedure is for the Citizen to sit on his hands so that All Force must come from the Security Guards. He did not know what to do and stood in the Public Gallery. By chance he was in an awkward position for 3 Security Guards to seize him. The Equity Lawyer was leaving, stayed for Brief Observations, saw the Magistrates leave, seized the opportunity for a Short Poisonous Case Briefing + Paper Service on the Crown Prosecutor and walked out. By then the 3 Guards + Mr Nkrumah has struggled the 8 feet from the Public Gallery to the gap between the Court Doors. The Equity Lawyer went out and witnessed the 3 Security Guards + Mr Nkrumah come out and struggle their way to the end of the paving furthest from the Building Entry. It ended with Angry Behaviour + Fight Demands by the Security Guard Leader and Confused Behaviour by Citizen Mr Nkrumah. The Security Guard Leader wanted to fight Mr Nkrumah but needed to get away from the Court Vicinity Video Cameras He pushed Mr Nkrumah up the street pavement and made Fight. Citizen Mr Nkrumah did not know what to do. He did not go where the Security Guard wanted him to go in case it was interpreted as a Fight Agreement. The Security Guard blocked the other direction. A Smokers Group across the road could watched with great Interest. The Equity Lawyer gave a Short Briefing. explained Test Case discovered the State and Law Courts refused to process Criminal Evidence Offers against Mr Mandleson. They denied seeing anything. Meanwhile, Event Videoing by Citizen Mr Coyle got Videoing Anger + Malicious Threats from the Security Guards. Assault Complaint Frauds by the Security Guards against Citizen Mr Nkrumah got Hertfordshire Police Investigations 418261826 + 418267026. Threatening Behaviour Complaint Frauds by the Security Guards against Citizen Mr Coyle got Investigation 41439726.

10.11. 11. Contempt Remedy Directions Hearing at noon on September 2026

STATED REASONS

1. The World War II peace Settlement had Fundamental Flaws. The Human Rights Declaration omitted Case Priority Rights for the Victim and Citizen and Top-Level Corruption Controllers that had Credible Independence of the State, Law Courts Cabinet and Parliaments. The Declaration Signatories gave and got Mutual Approval of the Fundamental flaws and used them to develop Dictator Powers. They Politicians lost control to Crime Partnerships of State Officers and Law Court Judges. They developed Protection Fraud Networks to provide Support Services and manage Co-ordinated Corruption. They sold Market Frauds to Organised Crime, provided Protection Frauds for the Corrupt Officers who managed them, and traded Glittering Career Guarantees and Job Profits for Fraud Services by Corrupt Parliamentarians. General Elections got Governing Majorities that were subject to Remedy Denial Majorities controlled by the Protection Fraud Networks. Budget Frauds against the State made Just Governance impossible.
2. In 1956, the Suez Scandal motivated the UK and France to exploit the Fundamental Flaws and make the Dictator Government Plan for Western Europe. It vested Dictator Powers in the State. It used Sabotage Frauds against Leadership Competitors:
   - 2.1. Sex Crime Investigation Denial Frauds against Religious Leaders with intent to do Discredit Damage
   - 11.1. Evidence Frauds and Education Frauds against the Coronation Oath Enforcement Authority. Judgment Service Penalty Frauds against Regulated Lawyers to deny the Office Qualification as Equity Lawyer and deny a Reliable Supply of Admissible Evidence for Parliament Session Decision. The intent was that everyone forgets how to service it. Education Frauds denied any mention of it in Academic Curricula and Profession Qualification Curricula. The intent was that everyone forgets it existed.
   - 11.2. The Gnostic Christians made an Equity Recovery Governance Plan. It had two strategies that exploited Fundamental Flaws in the Dictator Governance Plan.
     - 11.2.1. The 1st Fundamental Flaw was that it was a Democratic Civil Dictator that had Inconstant Priorities. One was Blackmail Dictator Powers for State Officers against the Citizen using Immediate Obedience Demands supported by Final Loss Threats using Electronic Signature Powers. The 1st Remedy Strategy was for the Citizen to develop Advanced Electronic Signature Technology, provide Sophisticated Services that enabled the Prosperous Classes to manage Tax Haven Estates from their homes and use Taxation Starvation to force conversion from Dictator Governance to Equity Governance. Advanced Electronic Signatures needed
       - 11.2.1.1. Writing Behaviour Analysis Technology for Computer Use Identification and
       - 11.2.1.2. An Internet Service for Document Management + Signature Attachment + Verification
     - 11.2.2. The 2nd Fundamental Flaw was to wait until the Protection Fraud Network had Cabinet Control, get Criminal Conspiracy Proof against a serving Prime Minister, revive active service of the Coronation Oath Enforcement Authority and start a Corruption Remedy Process. It needs Research Investigations to discover the structure and strength of the Protection Fraud Network and then Remedy Delivery. The Standard Procedure is Dismissal Executions against the Judiciary by Parliament, Victim Identification, Case Remedies and an International Agreement for a Just World Order. A Parliament Unity Failure gets a Special Procedure. The Coronation Oath Enforcement Authority gets Endemic Corruption Proof against the Judiciary. The Crown uses it to negotiate the International Agreement for a Just World Order. It gets Corruption Remedy Test Case Status for the UK, Test Manager Status for the Coronation Oath Enforcement Authority, Interested Party Status for Agreement Signatories and the Common Law for a Just World Order.

12. The Key Difference between France and the UK is the Integrity Controls.
   - 12.1. The Code Napoleon vested Enforcement Power in the Commercial Executive subject to Integrity Control by the State Executive and in the State Executive subject to the Integrity Control of Local Riots + National Riots. There was No Proportionality Control. Democracy vested Power Transfer Powers in the Voter. They wanted Personal Benefits. General Elections evolved into Disorganised Auctions in which Election Candidates competed for a Voter Indulgence Mandate. The result is Massive National Debt.
   - 12.2. The Common Law vested Accountability Power in the Victim and Citizen. It got Relative Freedom and a Successful Economy. The Norman Invasion was a Plunder Operation that imposed Dictator Power and got a Crippled Economy. It was a Military Success but a Plunder Failure. Some of the Big Barons needed to subsidise the English Estates with revenue from Continental Estates. The Plunder Generation were in Plunder

Failure Denial. The Doomsday Survey was them trying to find the Missing Money. The Next Generation were not in Plunder Failure Denial. They made as Remedy Plan. The Defence Priority needed conquest of Northern England and then Remedy Management. It needed Remedy Co-operation from the King. They did not get it from William II. A Deal traded Remedy Co-operation for Reformers and Crown Succession for Prince Henry. They used a Hunting Party to kill William rode to London and crowned Henry. He authorised a monk to write a history that acknowledged the wrong done by the Norman Invasion. Vested Interests crippled Remedy Management. Remedy Efforts discovered Equity Governance Skill Shortages. The Common Law enabled development Proportionate Judgment for Justice Management. Dictator Governance replaced it with Records + Enforcement. Corrupt Officers used Record Frauds for Enforcement Frauds. It took more than 100 years to make any significant progress with the Recovery Plan. It needed Remedy Co-operation from Vested Interests. It started with the transfer of Profession Authority Powers from Baron Courts to Trade Guilds. A Deal got Accountability Power for the Citizen against Officers, Crown Unity for England and Wales and a Military Service Release + Peace Dividend the Border Baron Armies. A Big Fudge used a Rights Definition Process Waiver for any Vested Interest that would cripple the Remedy Process. The result was Law [everything got by the Rights Definition Process Waiver] and Equity [anything that could be reasoned]. It was a Schizophrenic Justice System. Most lawyers did not understand the process that got it and were confused by the result. Every generation had a Tiny Minority who understood the process and were not confused. Most of them achieved Equity Competence, tried to apply it to Law Processes, discovered something was wrong, and eventually worked it out. A Minute Minority knew the Historic Process before Law Practice. Remedy Management needed Practice Competence and Generous Personalities. Very Few had both. The UK relied on the Jurisdiction Hierarchy for Integrity Controls. The Top Jurisdiction was the Coronation Oath Enforcement Authority. The Western European Dictator Plan required Sabotage Frauds against the Coronation Oath Enforcement Authority. They were Sabotage Frauds against Integrity Control at every level. There were 900 years between the Norman Invasion and the Wester Europe Dictator Plan. They did Identical Damage. They stripped the Legal System of Judgment Skills and Proportionality Controls. It got Massive National Debt.

13. Corruption Remedies needs a Recovery Plan for Judgment Skills and Proportionality Controls.

UK Network - Crime Business Expansion – Case Management Research + New Businesses

14. The easiest Big Profit Business to develop was Tobacco Duty Fraud + Drug Crimes of Local Businesses managed by Top Police, Top Customs and Top Judges. They needed a National Network to provide support services and manage Co-ordinated Corruption. It needed Central Control of Remedy Powers. The Key Remedy Power was a Tobacco Duty Fraud Complaint by a Local Trader against a Local Competitor to Local Police Officer. It got use of the Weekly Meeting for a Case Notice by the Local Police Officer to the Local Customs Officer and a Remedy Raid against the Guilty Trader within a fortnight. The Centralisation Process replaced Local Remedy Management by Local Officers with an Upward Only Reporting to Own Authority Superiors. It vested Remedy Powers in the Local Police Superintendent and Local Customs Superintendent. It enabled Corrupt Local Officers to form Crime Partnerships, sell Protection Frauds and get Market Control. They needed Protection Frauds from Local Judges. They bought Appointment Frauds to get Corrupt Judges. The Office Appointment System evolved to service Appointment Frauds for Corrupt Officers who provided Protection Frauds. Honest Officers found it progressively harder to get Honest Promotions.
15. The Network existed to make money. The Crime Business Expansion Plan was inevitable. It needed:
    15.1. Management Research to discover what was needed for Industrial Scale Protection Frauds by Law Courts
    15.2. Cabinet Control
    15.3. A Profit Share Limit for Network Puppet Masters against Cabinet Officer Puppets
16. The New Businesses were:
    16.1. Market Frauds for Insurers and Bankers against Customers
    16.2. Market Frauds for Drug Treatment against Other Treatment. It included creation of Profession Authorities to manage Governance Frauds against Regulated Practitioners who did not use Drug Treatment
    16.3. Performance Enhancing Drugs for Sport Professional and Fitness Fanatics. It needed Discredit Frauds against Honest Competitors who had Influencer Status.
    16.4. Land Frauds for Big Owners against Small Businesses
    16.5. Land Thefts for Network Agents against the State
    16.6. A Blackmail Business using Entrapment Frauds and Framing Frauds to get Blackmail Fraud Profits

16.7. Family Sabotage Frauds + Child Thefts to get Big Budgets + Budget Fraud Profits and Expatriation Frauds to get Money Laundering Services from Sovereign States

16.8. Anything else that made money

17. The Accountability Defence Plan was Sabotage Frauds against whoever had Remedy Powers all the way up the Accountability Chain up to and including NATO. The Original Plan Managers did not expect Sabotage Frauds against NATO. The Profit Share Limit for Network Puppet Masters delayed Cabinet Control. When they got Cabinet Control it did not take long for Treason Sabotage against NATO.

Expansion Plan for Insurance and Banks

18. Unique Events enabled the Expansion Plan for Insurance and Banking. Medical Research linked Mine Conditions with Mine Diseases and got 400 Canadian Miner Claims and Underwriter Liability for 2 Lloyds Syndicates and Syndicate Membership Liability for about 65 Judges and 35 MPs including the Attorney General. A Deal got Release Frauds for the MPs and Judges in exchange for £35,000 and an Extra Liability Fraud against the Other Syndicate Members. It needed Fraud Enforcement. The Insolvency Act 1986 removed the Accountability Rights of Bankruptcy Fraud Victims. It was a Plunder Fraud Permit for Bankruptcy Trustees against Bankrupt Estates.

The Equity Governance Recovery Plan – 1st Remedy Strategy

19. The Equity Lawyer had a Career Plan: Law Practice Expertise + Property Profits on a scale that got Financial Independence for Technology Development for Advanced Electronic Signatures.

20. The Corruption Remedy Test Case needs an Asset Theft against the State to set a Remedy Precedents. The preparations for Technology Development discovered an Asset Theft. In the early 1980's, a Wet Rot Problem motivated a Repair Grant Application by an Old Lady that discovered Grant Application Denial Frauds by Local Authority Officers. A Case Help Request by the Citizen got Case Investigations by the Equity Lawyer. He and she stood in a large room in Shepway District Council Offices. The Council Officer stood at the far side of the room, about 40 feet away, held up a piece of A4 paper and shouted 'look, your name is on the list' or words of very similar meaning. The Remedy Action was use of a Sunday Dinner for a Fraud Complaint by the Equity Lawyer to his father-in-law, who was a Local Councillor + Intelligent + Talented + Charming + Chronically Immature. An Informal Fraud Investigation + Fraud Finding + Fraud Benefit Finding that 90% of Grant Money went to a Local Developer or on Building Works done him + No Remedy Action by Top Councillors. It got an Investigation Report over a Sunday Dinner by the father-in-law to the Equity Lawyer, his wife and the mother-in-law. In World War II, Hawkinge Airfield played an important part in the Battle of Britain. War Victory + Intercontinental Missiles made it redundant. The Ministry of Defence transferred it to Shepway District Council. The Battle of Britain remained so important in the National Psyche that in the early 1980's no one knew what to do with it. The No Fraud Remedy Action Decision of the Top Councillors gave the Father-in-Law the confidence to make a Personal Profit Plan. He founded the charity known as the Hawkinge Youth and Adventure Centre using a Company with a £1 Guarantee getting 1 Vote. He used Respectable Founder Guarantors to get a Private Purchase from the Council for £80,000 [the only one of Council Asset Sales], financed half by him and half by his friend. He recruited 40 + Honourable People as £1 Guarantors, issued a Company Meeting Notice for the same time as the Council Budget Meeting so that the Top Councillors would not attend, managed the Company Meeting. It got Company Control. He financed works [probably £20,000]. He used his Council Connections to find London Youths for Adventure Experiences. The Intent was Financial Collapse + Creditor Possession + Planning Permission + Development Profits. Chronic Immaturity gets Chronic Stress. The more money there is the worse it is. Honest Efforts by Respectable Founder Guarantors motivated Malicious Processes against them by the Father-in-Law, who with his Investment Partner, had Creditor Control. Something was wrong. The Charity Creditors and their wives knew the Profit Plan. No one else did. A series of Stress Events resulted in Family Sunday Dinners being less frequent. Later in the process, the Father-in-Law used a Sunday Dinner to reveal the Proft Plan with body language that expected congratulations. It got Sober Advice from the Equity Lawyer that Development Profits would be Charity Assets for Charity Benefits. The Charity had £12,000 in a Bank Account for the remaining Building Costs. The Father-in-Law needed a Finance Collapse. He used a Building Dispute Fraud to get it. A Payment Refusal + Unspecified Faults by the Father-in-Law got Total Confusion + Claim Instructions by Honourable Builder Mr Reg Giles to Local Lawyer Mr Michael Ivor Jones and Defence Instructions from the Charity, via the Father - in - Law to the Equity Lawyer. He made a Remedy Plan. He could not tell the Honourable Builder and so told everyone who cared. He attended a Civic Dinner and shouted to a Local Dignitary 'Tell Reg not to worry'. He watched a line of Civic Dignitaries turn their heads as each told the other. Someone directed the Honourable Builder to approach the line in time for the end one to tell him. He was Totally Confused. The Case Management Telephone Call from the Local Lawyer got Reputation

Defence Management for the Equity Lawyer and Law Profession. He said the Dispute Costs would exhaust the Cash Reserves. The Local Lawyer agreed. The Equity Lawyer proposed a Cash Freezing Order for the Honourable Builder + an Unrecorded Claim Details Waiver + Defect Details from the Charity before Defect Responses from the Honourable Builder. The Equity Lawyer gave the Consent Order to the Father-in-Law, explained Money Freezing Order and asked for the Defect Details. There were none. Repeat Polite Requests eventually got a Building Costs Payment by the Charity to the Honourable Builder. Remedy Action by the Equity Lawyer got a Confidence Collapse in the Personal Profit Plan. There were Hearsay Reports that the Plan Partner lost patience and sold his Half Share of the Capital Loan to the Father-in-Law. He had a Secured Debt with Accumulating Interest. He needed Planning Permission but lost the confidence and connection to get it. The property was undeveloped when he died in 1999. The Widow and Brother-in-Law were Lifetime Beneficiaries or Probate Heirs. Crown Officers can research what happened to the land or any development profits. The Crown can refer the case to the Parliament Sessions Court for Remedy Action. If the Charity still has it, the Remedy Proposal is a Without Payment Debt Release + Land Return in exchange for a Fraud Investigation Waiver. Case Management Research for Industrial Scale Court Frauds.

21. The Business Expansion Plan needed Case Management Research to discover what was needed for Court Frauds on an Industrial Scale. It needed a Big Business as Research Manager. The Town Centre Estate Sales by the New Towns Commission to Land Securities got the Big Business. Low Rank Officers made a Rent Increase Fraud Plan. It needed a Business Accounts that were Big Profit Proof + Lease Forfeit Frauds against the Business Owner, use of the Big Profit Proof for a New Lease at an Extortionate Rent, and use of that for Benchmark Fraud for Rent Increase Frauds locally and nationally.

Citizen Mr Can Say – Case Management Research Frauds

22. Corby Managers identified Successful Immigrant Mr Can Say as the Forfeit Target. He, his wife and first child came to the UK in 1987 with nothing. He saved £20,000 in two years, used Business Accounts to get a National Insurance Number, bought a Fast-Food Business in a Corby Suburb, trebled the turnover in three months, engaged staff, paid taxes and national insurance contributions, earned an Honest Success Reputation, bought a Town Centre Business and added to the Honest Success Reputation. The Lease Forfeit Plan needed Illegal Immigration Raid + Deportation + Lease Forfeit Fraud. It failed. He told the Immigration Officers that the 1960 Cyprus Peace Agreement got UK Citizen Rights for him and his wife. It enabled them to close hundreds of cases. They thanked him and left. He remained in the UK. Land Securities took control from the Corby Managers and used it as the Lead Research Case. They used every combination of Legal Process and Fraud Agent, did not use any for Forfeiture Execution until they had completed the Management Research. The Research Managers did not know they had they had completed the Management Research. They had other things to do, waited for instructions, forgot they were waiting for instruction. It got Victim Status and Research Case Records for Mr Say. He kept the Case Records. Later, the Land Fraud Expansion Plan for Big Owners used Forfeit Frauds as a Priming Case. It added to the Case Records. He kept the Case Records in an 18-Month Homelessness Period. A Deal got use of a Records Storage in a Big Waste Bin + Washroom Facilities + Meals + Outside Sleeping Space from a Café Owners for Mr Say in exchange for Case Management Services for Café Customers. He survived Miserable Years. In 2019, Mr Say discovered the Coronation Oath Enforcement Authority and supported the Remedy Process and got Citizen Status. Equity Lawyer Mr Ellis did not have the time to analyse the Old Cases and focussed on New Cases. Illness prevented him explaining the Old Cases. In 2025, Equity Lawyer analysed the Early Old Cases. Citizen Mr Say was well enough to cope with questions about them. The Case Records are in 16 Big Boxes.

23. The Case Management Research discovered Equity Governance used Business Systems to service Problem Identification + Remedy Management. Industrial Scale Court Frauds need Business Systems to service Evidence Exclusion Frauds needed for Protection Frauds. The Writing Behaviour Identification Technology

24. Meanwhile, in the early 1990's the Equity Lawyer had Capital Assets + Investment Income + Law Practice Income + No Debt. The Bank Manager had instructions to try and get him to borrow. The Equity Lawyer said they had ruined many of his clients and asked why he should trust them. It got a £50,000 Unsecured Personal Credit Limit for him and a £150,000 Unsecured Credit Limit for the Law Practice. They used it to finance clients. The Equity

Lawyer and Father-in-Law both used Barclays Bank. The Bank Managers who knew the story had left. Bank Files recorded the Secured Charity Debt + Development Potential and Chronic Immaturity made the Father-in-Law a Bad Risk. The Big Depression in the early 1990's motivated Bank Managers to find anything for business activity. The Barclays Bank issued an Evening Invitation to the Equity Lawyer and Father - In - Law to meet a Top Manager. They might have expected them to tell each other. Chronic Immaturity needed so much Remedy Action it caused a Relationship Breakdown between the Equity Lawyer and Father-in-law. They arrived, saw each other, noticed there were no other customers, and were angry. They realised the Top Bankers wanted a Charity Land Development by the Equity Lawyer and not the Father-in-Law. It was a Trigger Event. The Equity Lawyer made a Borrowing Refusal Decision for 3 Reasons: The Advanced Electronic Technology might be a Sabotage Motive for the Bank + Development Finance was a Sabotage Opportunity + Big Profits might be a Divorce Motive for his wife and Smaller Profits would keep the family together. Events proved it was a Good Decision.

25. In 1995, a Writing Behaviour Analysis Technology Development Partnership got Research Funding for Equity Lawyer Mr Ellis + Technical Expertise from a Graphologist + Technical Expertise from a Computer Programmer + Copyright Equal Ownership for the Equity Lawyer and Graphologist + Creditor Control for the Equity Lawyer. He was servicing the 1st Remedy Strategy of the Equity Governance Recovery Plan. The others did not know. The need for Signature Samples from Research Subjects denied Development Secrecy. In 1998, a Development Success Reports from Local Police Officers via the Secret Service and Prime Minister Mr Blair reached European Union Leaders. Some of them, including Prime Minister Mr Blair, made a Personal Profit Plan. It needed Source Code Theft, Forced Usage in the EU and Usage Licence Fees for EU Leaders who were Theft Conspirators. It failed. The Theft Conspirators gave themselves away at every stage of the process. The UK Secret Service made Licence Fees for the State a Theft Condition. It defeated the Person Profits Plan. Prime Minister Mr Blair used Barclays Bank Group Board as Theft Agent. The Equity Lawyer was a customer of Barclays Bank. The Group Board used Low Rank Bank Officers as Theft Agents. They gave themselves away at every stage of the process. The Equity Lawyer got Source Code Theft Conspiracy Proof against them. He needed to know whether they were working for themselves or the bank. In 1999, the Writing Behaviour Analysis Technology got a Gold Medal at the Geneva Inventions Exhibition. It was Originality Proof. In 2000, he got Theft Conspiracy Proof against the Group Board. They sold a Tobacco Advertising Waiver Fraud to Formula 1 Racing for £1,000,000 and used that for Waiver Fraud Marketing. Network Agent Mr Mandelson did not inform Prime Minister Mr Blair about the Protection Fraud Network because he would have demanded an Extortionate Profit Share.
27. Mr Mandleson managed the Performance Enhancing Drugs Expansion Plan. In 1998, the Finance Disclosure Failure Scandal got the 1st Forced Dismissal against Mr Manelson. He remained Policy Waiver Fraud Marketer and used Cabinet Influence for the Performance Enhancing Drugs Expansion Plan.

He thought Racial Bias of the Caucasian Officers was the Fraud Motive until 2025 when he discovered the Business Expansion Plan and Mr Mandelson was the Plan Manager.

The Equity Governance Recovery Plan – 2nd Remedy Strategy

31. Meanwhile, Equity Lawyer Mr Ellis needed Small Independents to get Market Access. He helped many of them. They did not know that the Top Drug Dealers used the address of the UK Citizen as a Decoy Address on the Carrier Movement Records of more than 70 Drug Shipments. They did so, because if anything went wrong, the Incredible Target Status would ensure Decoy Address Enquiries got Dead End Results. UK Customs knew that all States used Kidnap Extradition Frauds. It was the First Joint Extradition Fraud of EU States. They did not believe that is what it was. They knew that a Crime Complaint by the UK Citizen had got the Incredible Target Status for him. They believed he had discovered Decoy Address Frauds, made a Crime Complaint and was assisting a Decoy Address Investigation. The UK Citizen was in a UK Prison with Jury Trial Rights and an Investigation Record that was Innocence Proof for him and Guilt Proof against the Crime Investigators. All of it exposed the Protection Fraud Network and a Drug Crime Business managed by Top Police, Top Customs and Top Judges. The 2n.
